IDENTIFIERS \*California

## ABSTRACT

A coordinated compliance review (CCR) process for the evaluation of specially funded state programs in California is outlined. Goals of the process are to decrease multiple state board of education visits, encourage self-evaluation by local education agencies, provide participating students with a core curriculum, and give technical and management assistance to local agencies. Four sections present detailed information on the CCR process development and goals, local education agency self-review, state validation review, and CCR instruments and instructions. (LMI)

## **Developers and Reviewers of the Coordinated Compliance Review Manual**

Listed below are the staff of the California Department of Education's task force responsible for revising this manual for 1990-91.

**Wade S. Brynolson**, Assistant Superintendent, Compliance and Consolidated Programs Management Division

**Lynn W. Baugher**, Manager, Management Systems Development

**J. Kenneth Baker**, Consultant, Career-Vocational Education Division

**Lanny Berry**, Consultant, Compensatory Education

**Felicia A. Caviglia**, Consultant, Child Development Division

**Eleanor Clark-Thomas**, Consultant, Special Education Division

**Janet R. Cole**, Education Programs Assistant, Office of Humanities Curriculum Services

**Susan B. Cox**, Office Technician, Management Systems Development

**Bert Davis**, Consultant, Special Education Division

**Terry Delgado**, Consultant, Bilingual Education Office

**Leroy Hamm**, Consultant, Management Systems Development

**Donald Kairott**, Education Programs Assistant, Staff Development

**Allan H. Keown**, Staff Counsel, Legal Office

**Vicki Lee**, Associate Governmental Program Analyst, Management Systems Development

**Jim Lindberg**, Consultant, Adult Education

**John Masla**, Consultant, Migrant Education Office

**Jim McIlwrath**, Consultant, Office of School Improvement

**William Misquez**, Consultant, Consolidated Programs Management

**Marco Orlando**, Visiting Educator, High Risk Youth

**Joe Portillo**, Consultant, Compensatory Education

**Donna Rothenbaum**, Staff Services Analyst, Management Systems Development

**Lisa VanBuskirk**, Office Assistant, Management Systems Development

**Hanna Walker**, Manager, Compensatory Education

**Jim Waters**, Consultant, Consolidated Programs Management

**Jeff Zettel**, Consultant, Instructional Support Services Division

**Coordinated Compliance Review Coordinators for 1989-90 and the State Superintendent's Task Force on Categorical Programs** also provided input on the revision of the *CCR Manual* for 1990-91.

# I. INTRODUCTION

## Coordinated Compliance Review (CCR) Process Development and Goals

Early in 1983, State Superintendent of Public Instruction Bill Honig directed a California Department of Education (CDE) task force, in consultation with his Task Force on Categorical Programs and other representatives from the field, to develop a coordinated compliance review process to simplify, streamline, and coordinate the legally required compliance monitoring of specially funded programs and simultaneously maintain the commitment to students with special needs.

During the spring of 1984, the coordinated compliance review process was piloted in approximately 50 local educational agencies (LEAs). In 1984 LEAs were placed on a three-year cycle for coordinated compliance reviews (CCRs), and during the next three years, reviews were conducted in each LEA.

The third three-year cycle will begin in 1990-91 and the goals of the coordinated compliance review process will continue to be:

1. *Decrease multiple compliance monitoring visits by the CDE, thus reducing the duplication of the CDE compliance monitoring in LEAs.*
2. *Increase local responsibility for administering compliance by encouraging participating LEAs and schools to perform a compliance self-review prior to CDE staff validation of that review.*
3. *Ensure that categorically funded students are provided with the district's core curriculum, utilizing the instructional delivery system as well as support from supplemental funds to help these students learn the district's core curriculum.*

4. *Provide technical and management assistance to LEAs in preventing and resolving noncompliance problems.*

As in prior years, the CCR will continue to monitor the following specially funded educational programs: school-based coordinated programs; pupil motivation and maintenance programs; child development, consolidated programs; migrant education, special education, vocational education, and adult education.

Each of these programs has legally required monitoring as a part of its program mandates. These programs, therefore, will be monitored in approximately one-third of the state's LEAs and their associated regional agencies by means of a single coordinated compliance review.

Beginning in 1990-91, the CCR will also monitor compensatory education preschool programs and the new California Professional Development Program established through SB 1882. When a district is identified for a vocational education civil rights review or a language census audit, these reviews will be incorporated as part of the CCR.

Note: As used throughout this manual, LEAs include school districts, county offices which administer any of the programs listed above, and consolidated programs cooperatives. Associated regional agencies include Special Education Local Plan Areas (SELPA's) and migrant education regions.

## Summary of the Review Process

There are two phases in this process: LEA self-review and state validation review.

**Self-review.** The following steps, described on pages 6 through 14, are recommended to LEAs for conducting self-reviews:

1. Consult with appropriate LEA and regional administrators.
2. Notify appropriate school, LEA, and regional staff.
3. Submit requested information to the CDE.
4. Suggest other sites, if appropriate, for the validation review.
5. Attend CDE regional training.
6. Decide on the self-review approach.
7. Select the self-review team.
8. Develop a schedule for self-review.
9. Conduct the self-review.
10. Develop a summary of findings.
11. Report findings to LEA staff.
12. Submit self-review information to the CDE.

**Validation Review.** The CDE will implement the following steps, described on pages 26 through 33, in conducting a validation review:

1. Contact the LEA coordinated compliance review (CCR) coordinator.
2. Review documents and records.
3. Conduct the validation review.
4. Provide follow-up to the validation review.
5. Provide additional technical and program assistance, as necessary.

---

## Agencies Which Receive CCRs

CCRs are conducted at five different types of LEAs or regional agencies: school districts, consolidated programs cooperatives, county offices, Special Education Local Plan Areas (SELPA), and migrant education regional offices. Although the steps of self-review and validation review, as outlined above and described in this manual, are generally the same for each type of review, unique characteristics of these reviews are described below.

**School District CCR.** This review is the most common type of CCR and the one on which this manual focuses. Depending on the size of the district and number of specially funded programs operated, most state validation teams will be composed of two to seven people and will spend from one and one-half days to four days in the district.

**Consolidated Programs Cooperative CCR.** Small school districts frequently are members of consolidated programs

cooperatives in order to increase administrative efficiency for operating consolidated programs. In these cases the cooperative is the LEA, and the CCR is conducted at the cooperative level, generally incorporating individual reviews of one-third of the districts which make up the cooperative. Most cooperatives are administered by a county office, although some are administered by a member district. The superintendent of the county or district which administers the cooperative is responsible for selecting a CCR coordinator to organize the review.

**County Office CCR.** County offices frequently administer directly some of the CCR specially-funded programs, including special education; ESEA, Chapter 2; ESEA, Chapter 1 Neglected or Delinquent; and child development. When this is true, the county office receives a CCR.

If the county-run programs are part of a cooperative which is also run by the county, the county is treated as a member district of the cooperative and receives a CCR as such. If the county-run programs are not included in a cooperative, the county office is scheduled for a CCR just as is a school district.

In some cases, sites which are part of a school district also operate a county-run program in a few classrooms. When this is true and both the school and the county-run program are reviewed at the same site, the compliance findings will be separated and included in either the district or county final report as appropriate.

**SELPA CCR.** When a SELPA includes more than one district, a SELPA review is scheduled. This review begins with a special education administrative review in the SELPA. These administrative reviews take up to one day and are usually scheduled immediately preceding the first school district's CCR. The results of these reviews are held until all the districts in the SELPA have completed their CCRs, and time is scheduled, usually immediately following the last CCR for the last district in the SELPA, to meet with the SELPA staff and member school districts to present the findings.

**Migrant Education Region CCR.** The migrant education region review is conducted at the migrant education regional office and is scheduled for one or two days after all the districts in the region have completed their CCRs.

---

## Other Reviews Combined with the CCR

Some education programs or services require on-site monitoring based on criteria other than the three-year cycle as it is defined for CCRs. When an LEA is "triggered" for any of the following three reviews in the same year a CCR is scheduled, the review is conducted as part of the CCR.

**Vocational Education Civil Rights (VCR) Review.** Each year data related to such vocational education issues as affirmative action, gender equity, and access for the handicapped are collected and reviewed for all high school and unified school districts. Districts with profiles that suggest access problems are scheduled for an on-site vocational education civil rights review.

In prior years these reviews were scheduled independently of the CCR. Beginning in 1990-91, the CDE will coordinate these two reviews when a district is scheduled for both. If a school district is to receive a VCR review, an additional team

dedicated to this purpose will be on-site during the same time frame as the CCR team. It is most likely that all high school sites and middle school sites will be reviewed by the civil rights team. If a school district is to receive a VCR review, it is recommended that a coordinator who is not also the CCR coordinator be assigned to this review.

If a district has serious objections to the coordination of these two reviews, the superintendent should contact the CCR Region Manager at the number listed on page 9.

**Language Census Audit (LCA).** The 1985 *Comité Settlement Agreement* requires that an on-site language census audit be conducted in any school district or county office which meets two or more of five specific criteria. The criteria are:

- High ratio of LEP students to nonwhite and nonblack students
- Two or more complaints about the bilingual education program
- Significant increases or decreases in LEP population

- High percentage of LEP grade levels with eight or nine students reported
- Use of unauthorized oral proficiency tests

LEAs which meet these "triggers" are scheduled for a review of their language census procedures. When an LEA is scheduled for a CCR and language census audit, the two reviews are conducted jointly. In most cases the review team member who conducts the language census audit will also review the program for limited-English proficient (LEP) students since there is considerable overlap between the compliance instruments.

**LEP-only Review.** The *Comité Settlement Agreement* also requires that every district with LEP students receive an on-site compliance review at least once every three years. While most districts receive a CCR every three years, there are small districts in consolidated programs cooperatives which are only scheduled for a CCR every nine years.

It is this group of districts which will receive a LEP-only review in the cycles during which they are not scheduled for a CCR. A LEP-only review is conducted using the same compliance instrument that is used for the bilingual program during a CCR.

## Variations of the CCR

Two variations of the CCR process are available to school districts which meet specific criteria and agree to the conditions of the variation. These variations are described below.

**Screening Review.** The screening review is a one- or two-day visit by one or two CDE staff. The purpose is to validate the process used in the district's self-review and to determine whether the self-review is accurate enough to be accepted as the official compliance review. If not, a partial or full validation review is scheduled. A special supplement to the *CCR Manual* has been created for districts receiving screening reviews. The supplement will be mailed to these districts and will be available at training.

In order to qualify for a screening review, a school district must meet the following criteria:

- Received a full coordinated compliance validation review in 1987-88 or more recently
- Has a student enrollment of less than 20,000
- Had fewer than 12.7 percent of the compliance issues reviewed in 1987-88 identified as noncompliant

- All identified noncompliant issues were:
  - Resolved within 60 days, or
  - Handled through an acceptable compliance agreement received by the CDE within 60 days and in which all issues were resolved by the termination date of the compliance agreement, or
  - Acceptably addressed in a compliance response which was received by the CDE within 60 days

- The district's average 1989 California Assessment Program (CAP) scaled score for categorical students was greater than the statewide average scaled score for all students or the CAP growth for categorical students between 1988 and 1989 was at least three scaled score points.

Districts which meet these criteria, and choose to participate in a screening review, must agree to the following conditions:

- Attend a training in the fall of 1990.
- Conduct a full CCR self-review by using the *1990-91 CCR Manual* and reviewing sites identified by the CDE.

**Document Review.** The document review process is designed to avoid having CDE staff spend a disproportionately long time in relatively small school districts. This review is conducted at the county office where CDE staff will meet with district staff for approximately one-half day. District staff will bring the self-review and supporting documentation to this meeting and be prepared to discuss all relevant compliance issues. If, during this meeting, it is clear that a thorough self-review was not conducted or did not appropriately identify compliance issues, an on-site CCR may be scheduled.

In order to qualify for a document review, a school district must meet the following criteria:

- Received a full coordinated compliance validation review in 1987-88 or more recently
- Receive less than \$75,000 in consolidated application funds
- Did not have a substantial number of noncompliant issues during the most recent CCR
- Resolved any prior CCR issues in a timely manner

Districts which meet these criteria and choose to participate in a document review must agree to the following conditions:

- Report results of the self-review, using CDE-provided forms, including all non-compliant issues.
- Follow compliance resolution procedures identical to those used for CCR validation reviews.

In addition, if at the time of a screening review the district is involved in a complaint or lawsuit related to categorical programs, the screening process could be modified.

- Attend a training in the fall of 1990.
- Conduct a full CCR self-review by using the *1990-91 CCR Manual* and reviewing sites identified by the CDE.
- Report results of the self-review, using CDE-provided forms, including all non-compliant issues.
- Follow compliance resolution procedures identical to those used for CCR validation reviews.

In addition, if at the time of the CDE review the district is involved in a complaint or lawsuit related to categorical programs, the document review process could be modified.

## II. LEA SELF-REVIEW

### Purposes of the Self-Review

The major purposes of the self-review are that the LEA do the following:

1. *Take responsibility for reviewing specially funded educational programs for compliance.*
2. *Take corrective action when noncompliance is identified (optional prior to state validation review).*
3. *Identify areas in which CDE assistance is needed.*

Though the self-review process is voluntary, all LEAs and regional agencies which are scheduled by the CDE to be monitored for compliance are strongly encouraged to conduct a self-review prior to the scheduled state validation review.

All LEAs, including those which are not scheduled for a review, are encouraged to use this manual to conduct self-reviews at their convenience. As stated in the introduction, the reference to LEAs throughout this manual includes school districts, county offices of education, and consolidated programs cooperatives, and the reference to regional agencies includes SELPAs and migrant education regional offices.

The SELPA should adapt the self-review process to fit local needs. The appropriate low-incidence state guidelines should be used, and a copy of the checklist should be submitted to the CDE as part of the self-review.

Districts receiving a vocational education civil rights review should use the *Site Self-Evaluation Manual* to conduct a self-review. This will be mailed to them during the summer of 1990.

The CCR experiences over the past several years indicate that LEAs receive the following benefits from conducting a self-review:

- They are able to correct identified non-compliance problems prior to the state validation review.
- The validation review process may not cover as many tests as would be necessary if there had been no self-review.
- LEA staff and community gain a better understanding of state and federal requirements.
- LEA staff and community feel better prepared and less anxious about the validation review.

---

### Selecting LEAs for Review

All LEAs are on a three-year cycle for coordinated compliance reviews. The Department has notified the LEAs to be reviewed in 1990-91.

## Conducting a Self-Review

After an LEA receives notification that it has been selected for review, the LEA superintendent should follow the steps outlined here:

### ☐ Step 1. Consult with appropriate LEA and regional administrators.

The LEA superintendent or designee consults with appropriate LEA and regional staff (e.g., migrant education region administrator and SELPA administrator) to:

- Decide whether to conduct a self-review.
  - Identify an individual who will serve as the CCR coordinator.
  - If scheduled for an on-site vocational education civil rights (VCR) review, identify a coordinator.
- Our experience with CCRs indicates that they are more likely to be successful when they are coordinated by the person in the LEA with administrative responsibility for
- all of the programs being reviewed, which is usually the Assistant Superintendent for Instruction. In addition, this person should possess:
    - Experience in program or compliance review
    - Knowledge of educational programs
    - Organizational skills
    - Good interpersonal skills

### ☐ Step 2. Notify appropriate school, LEA, and regional staff.

The LEA superintendent or his or her designee (i.e., the CCR coordinator) notifies appropriate school, LEA, county, and regional administrators of the state validation review. Administrators to be notified should include the persons responsible for the following:

- District or LEA curriculum
- School-based coordinated program
- Pupil motivation and maintenance program
- Child development programs
- Consolidated programs (including compensatory education programs, state programs for LEP students, school improvement programs, professional development programs, and so forth)
- Migrant education program (both regional and district administrators)
- Special education program (SELPA, county, and district administrators and program specialists)
- Vocational education program
- Juvenile court schools
- Adult education programs
- School principals
- County superintendent or his or her designee, if appropriate

☐ **Step 3: Submit requested information to the CDE.**

The migrant education and SELPA administrators are responsible for completing school program information sheets (which were enclosed in the April 1990 letter to the LEAs being reviewed) for submission to the CDE. Using this information, in addition to other program information previously submitted, the CDE selects a sample of individual school or program sites to be reviewed, based on the following criteria:

- Maximum number of different funding sources among all sites selected
  - Different grade levels among sites selected
  - Different programs and services among sites selected
  - Lack of growth in student performance, particularly performance of students served by categorical programs
  - Persistent or unique compliance problems at a site
  - No site-level compliance review during past five or six years
- In districts scheduled for a VCR review, all high school sites and some middle school sites will be reviewed.
- The CDE notifies the LEA of the sites selected, the date of the validation review, and the training dates.

☐ **Step 4: Suggest other sites, if appropriate, for the validation review.**

If appropriate, the LEA may use the following criteria to suggest sites not selected by the CDE:

- There are persistent or unique compliance problems or areas of concern.
  - The site or program has not been reviewed recently.
  - There is some question about how programs or services which are required to be available to students are being provided.
- After a suggestion is received, the Department CCR regional manager will contact the LEA to discuss possible changes and make a final determination of the sites for the validation review.

☐ **Step 5: Attend CDE regional training.**

The LEA ensures that staff responsible for conducting the LEA CCR training attend a CDE regional training session. Staff attending the training should include:

- The LEA CCR coordinator
- The LEA VCR review coordinator, if appropriate
- Regional administrators (i.e., SELPA administrator, migrant education region administrator, and cooperative administrator)

- District or county administrators who have responsibility for the programs to be reviewed
- Program coordinators and directors (i.e., school-based programs, consolidated programs, special education, child development, adult education, migrant education, and vocational education)
- The curriculum administrator who is involved in implementing the integrated programs items

The CDE will also train a limited number of county office and district staff who are willing to provide assistance to LEAs during the self-review process and assistance to the CDE during the validation review process.

LEAs interested in assistance with self-review should contact the CCR Northern Region manager at (916) 322-3776 or the CCR Southern Region manager at (916) 322-3483.

The training sessions will address the following areas:

- An overview of CDE compliance administration
- Self-review procedures, instruments, and instructions
- State validation review procedures, instruments, and instructions
- Resolution of noncompliance findings

## ☐ **Step 6: Decide on the self-review approach.**

There are many ways to conduct a self-review. The models which follow have been used successfully during past years and may be adapted to the needs and skills of a specific LEA.

**Administrative approach.** For this approach, the CCR coordinator and responsible LEA and regional administrators review their respective programs using the *CCR Manual* and prepare a report of findings.

**Peer observation approach.** For this approach, teams trained by the CCR coordinator and LEA and regional administrators review programs for compliance at the selected sites. These teams come from the same review site or from different review sites and usually consist of staff members of equal rank who have similar program responsibility.

**Eclectic approach.** A number of CCR coordinators and LEA and regional administrators developed combinations of the above approaches which were tailored to their own needs. Descriptions of some of these approaches will be disseminated by these coordinators during CDE regional training sessions. Newly appointed CCR coordinators may find it appropriate to contact coordinators in nearby LEAs who have conducted exemplary self-reviews.

Regardless of which self-review approach is chosen, the outcome should be the identification of noncompliance issues and the development of a plan for correcting noncompliance.

## ☐ **Step 7: Select the self-review team.**

The LEA identifies staff who will participate in the self-review. As all programs operating within the LEA should be reviewed during the self-review, it is important that persons knowledgeable about each of the programs be included on the team.

The team should, at a minimum, include:

- The LEA CCR coordinator
- If applicable, the LEA VCR review coordinator
- Regional administrators (i.e., SELPA administrator, migrant education region administrator, and cooperative administrator) and district administrators of programs to be reviewed

- Principals of schools to be reviewed
- The curriculum administrator, program specialists, and mentor teachers

Depending on which self-review approach the LEA chooses, site administrators, teachers, and specialists representative of each program or service may also be included.

## ☐ **Step 8: Develop a schedule for self-review.**

The LEA develops a schedule for the self-review. (Examples of different schedules will be distributed during training.) The following guidelines are suggested for scheduling self-reviews:

### *Schedule an administrative review of the LEA office first, then selected sites.*

During the administrative review, identify and review the LEA's core curriculum and instructional delivery system provided to all students and identify and review how categorical programs provide supplementary resources to assist identified students in

learning this curriculum. Some of this information may be found in local plans, school plans, working forms, policies, handbooks, budgets, the school accountability report cards, if completed, etc.

### *Schedule the review of each site selected for validation review.*

- Inform all educational personnel about the purpose of the review.
- Arrange interviews with the principal and other school leaders.
- Allocate time to observe all affected programs and services and interview appropriate staff.
- Allocate time to observe a sample of students receiving multiple programs and services, and interview all teachers and aides providing services to the sample students.
- Arrange a group interview of all teachers, specialist staff, and other site personnel

- involved with the affected programs. If appropriate, include instructional personnel from on-site county-operated programs.
- Arrange a group interview of all aides involved with the programs implemented at the site.
- Allocate time to review pertinent records.
- Arrange an interview with parents and other community members; include those who are members of advisory committees or site councils, if appropriate. Arrange for translation during the interview, if necessary.

*Schedule a time to report self-review findings to the LEA staff.*

## ☐ **Step 9: Conduct the self-review.**

Use the *Coordinated Compliance Review Instruments and Instructions* (Section IV of this manual). Apply all primary and secondary items and tests for all programs being reviewed.

The *How to test for compliance* column for each program identifies the methods to be used in collecting information to determine compliance. In cases in which interviews are to be conducted, sample questions to ask during an interview are also in this

column. The next two pages suggest a sequence of activities for conducting a self-review. Techniques that can be used to conduct interviews, observe classrooms, and review records appear on page 13.

**NOTE:** Additional instruments and instructions will be mailed to districts scheduled for a language census audit, VCR review, or compensatory education preschool review. These instruments will also be available at training or by contacting the Northern or Southern region CCR managers at the numbers listed on page 9.

### *Hold an entrance meeting.*

PARTICIPANTS	ACTIVITY
- LEA CCR coordinator	
- If appropriate, LEA VCR review coordinator	Discuss purposes and goals of the review.
- Self-review team members	
- LEA superintendent	Define reviewers' roles and responsibilities.
- LEA administrator(s) responsible for curriculum	
- Migrant education region administrator, SELPA administrator, special education program specialist, and LEA administrator for each program to be reviewed	Finalize specific times and locations for the review.
- Principal of each school/site to be reviewed	
- LEA business manager	
- County program administrator(s), as appropriate	

### *Conduct a curriculum and administrative review.*

PARTICIPANTS	ACTIVITY
Those listed previously, as appropriate	The self-review team identifies and examines the core curriculum and instructional delivery system provided to all students in the LEA.
	In addition, each program representative reviews his or her respective program area, including how that program provides supplementary resources to assist identified students to learn the core curriculum and how the program services are coordinated with other categorical program services.
	As a reference for many of the compliance items, each program representative reviews local plans, school plans, forms, policies, handbooks, budgets, student records, complaint procedures, personnel assignments, purchasing practices, inventories, staff development activities, etc.

*Review each selected school/site.*

PARTICIPANTS	ACTIVITY
Self-review team members, principal, teachers, other site personnel, parents, teachers' aides, students, etc.	<p><i>The self-review team:</i></p> <p>Interviews the principal and other site leaders.</p> <p>Observes all programs and services and interviews appropriate staff.</p> <p>Observes a sample of students receiving multiple programs and services and interviews all teachers and aides providing services to the sample students.</p> <p>Conducts a group interview of all teachers, including specialist staff involved with the programs implemented at the site. When appropriate, instructional personnel from on-site county-operated programs should be included.</p> <p>Conducts a group interview of all aides involved with the programs implemented at the site. When appropriate, instructional aides from on-site county-operated programs should be included.</p> <p>Reviews pertinent records.</p> <p>Interviews parents, as appropriate.</p> <p>Compares observations and opinions with statements in the school accountability report cards.</p>

*Conduct a parent advisory group, parent, and community input meeting.*

PARTICIPANTS	ACTIVITY
Self-review team members, parent advisory groups, parents, and community members	<p>Provide parents and community members the opportunity to voice opinions and respond to questions regarding the programs. Meeting(s) may be scheduled during the regular school day or in the evening hours. Translators should be provided, if necessary. Parents in need of interpreter services for the deaf should be advised to request these services in sufficient time for the LEA to provide them.</p>

**NOTE:** All parents of participating students should be notified of the dates and times of public input meetings and meetings/interviews held in each LEA. To increase participation of parents and community members, schools should place notification of public input meetings and LEA parent meetings in newspapers and school newsletters. Schools may send notices to the home via the student or other means of home/school communication. Notices may also be placed in public places, and local TV/radio public information spots can be utilized. Notices should be in a language understood by the parents and community members. In addition, the advisory councils and committees may be called on for assistance in reaching parents and the community.

LEAs are encouraged to notify parents in a timely manner to ensure a high level of parent/community participation.

## TECHNIQUES FOR COLLECTING INFORMATION

### Suggestions for conducting interviews

When the word "interview" appears in the **How to test for compliance** column of an instrument, the corresponding statement in the **What to look for** column will suggest the questions and content of the interview. In addition, specific sample questions have been included when an interview is indicated. While these are not the only questions which may be asked, they should be useful in getting an interview started.

Interviews may be conducted individually or in small groups on a formal or informal basis. However, we encourage that teachers be interviewed together and aides be interviewed together regarding program integration and coordination issues.

The purpose of interviews should be to:

- Verify information obtained from other sources.
- Collect information not available through other sources.
- Resolve discrepancies among information sources.

### Suggestions for observing classrooms

The reviewers should visit the classrooms and areas where educational and other program services are provided to students in order to gather basic information about the programs to be reviewed. When the word "observe" appears in the **How to test for compliance** column of the instrument, the corresponding statement in the **What to look for** column will describe what should be observed.

Recommendations for conducting observations are:

- Structure classroom visits to make the most of the time available.
- Identify the students participating in the special programs.
- Observe how these students are grouped and how individual assistance is provided.
- Observe teachers, teachers' aides, parents, and other school personnel (i.e., program specialists, tutors, support staff, etc.) as they work with students.

- Listen to the questions asked by students and the responses made by school staff.
- Observe what the students are doing.

### Suggestions for reviewing records and documents

Certain information gathered through classroom observations and interviews should be verified and clarified through the review of records. When the word "review" or "compare" appears in the **How to test for compliance** column of the instrument, the corresponding statement in the **What to look for** column will identify what should be reviewed.

The following are examples of documents which the self-review team may need to review:

- School plans, the special education local plan, and the adult basic education (ABE) project proposal
- Individualized education programs (IEPs)
- Minutes of school site council, school advisory committee, and district and community advisory committee meetings
- Contracts or agreements with other agencies
- Needs assessments and evaluations of staff development and parent education activities
- Lesson plans, individualized instruction plans, curriculum, and course outlines
- Budgets
- Newsletters and other communications to parents and the community
- Accounting and bookkeeping records (including working papers)
- Procedure and policy handbooks
- Financial reports
- Program evaluation reports, including copies of previous self-review and state review findings
- Position descriptions
- Time accounting for employees paid from more than one source (multifunded employees)
- Summary of special education compliance or fair hearing findings
- The school report cards for schools selected for review

### ☐ **Step 10: Develop a summary of findings.**

Upon completion of the self-review, the LEA completes a summary of noncompliance findings, which covers all programs, including the integrated programs items (see forms CTS-1a through CTS-1f, pages 16 through 24).

The summary should allow the LEA to analyze noncompliance areas and develop strategies to address the problems.

### ☐ **Step 11: Report findings to LEA staff.**

The LEA holds a meeting to present the final report to all parties who participated in the self-review. The following procedures are recommended:

- Introduce the self-review team.
- Explain the purposes of the self-review.
- Describe the self-review process and activities.
- Report the specific findings for each program.
- Answer questions from the audience.
- Describe how the self-review findings are to be validated by the CDE.

### ☐ **Step 12: Submit self-review information to the CDE.**

The LEA submits the following (to the address printed on the forms) at least 30 days in advance of the validation review:

- *LEA Self-Review Coordinated Compliance Review, Summary of Findings* (forms CTS-1a through CTS-1f)
- Documents related to the district's core curriculum
- Pertinent school plans
- Special education procedural handbooks
- Proposed schedule for the CDE compliance review team (to be developed after discussion with the validation review team leader)

The SELPA self-review should include forms CTS-1a through CTS-1d. Only those compliance items with the review level "SELPA" should be reviewed.

## SELF-REVIEW SUMMARY FORMS

### Coordinated Compliance Review Summary of Findings

This report will be prepared by the LEA self-review team leader and submitted to the CDE, according to instructions on Form CTS-1a.

Forms CTS-1a through CTS-1f

**LEA SELF-REVIEW**

**COVER PAGE**

**COORDINATED COMPLIANCE REVIEW--SUMMARY OF FINDINGS**

County-district code					County
School district	Cooperative (if applicable)				
SELPA	Migrant education region (if applicable)				
CCR coordinator	Phone number ( )		Self-review date(s)		

Forms CTS-1a through CTS-1f represent the report of findings of the local educational agency (LEA) self-review regarding the status of the district or agency.

- Purpose.** The purpose of the coordinated compliance review (CCR) is to examine all of the LEA's educational categorical programs for compliance with federal and state laws and regulations. The *Coordinated Compliance Review Manual* and *Summary of Findings* (forms CTS-1a through CTS-1f) are designed for use by LEA self-review teams.
- Completion and distribution.** This *Summary of Findings* will be completed by the LEA self-review team for each of the programs operated by the LEA and listed on Form CTS-1b. The LEA CCR coordinator is responsible for distribution of copies to appropriate LEA and regional personnel.
- Other forms in the CTS-1 series.**
  - Form CTS-1b is used to record the names of the self-review team member(s) and which sites were visited.
  - Form CTS-1c is a summary of findings of the LEA self-review.
  - Form CTS-1d is used to record any findings of noncompliance.
  - Form CTS-1e is used to record findings regarding the integrated programs items.
  - Form CTS-1f is used to analyze compliance trends.
- Submission of forms to the CDE.** This series of forms is to be completed by the LEA self-review team leader and submitted at least 30 days in advance of the CDE validation review. Two copies should be sent to :

# INSTRUCTIONS FOR COMPLETING THE SUMMARY STATEMENTS FOR THE INTEGRATED PROGRAMS ITEMS CTS-1E

## Overview of the Integrated Programs Items (IPI)

The IPI, unlike other specially funded program items in the *CCR Manual*, constitutes the whole program as it impacts participants in the LEA. The goal of the IPI is to provide multifunded students with the district's core curriculum and instructional delivery system as well as support from supplementary funds to help them successfully learn the core curriculum. This goal requires reviewers to use strategies which examine the core curriculum, analyze the sequential nature of supplementary services, and determine whether students are receiving a coherent and coordinated program.

An examination of the district's core curriculum, the LEA's specially funded programs, and the interrelationships must be made from a variety of perspectives, including those of a limited number of multifunded students. The IPI compliance or noncompliance, under the coordination of the self-review team leader, is then determined

by the entire team. The IPI transcends a single program, and teams should mark as noncompliant only the clearest, unequivocal, and systemic problems related to these three IPI tests.

A more operational definition of "systemic" follows. Issues that are found as noncompliant only in a particular specially funded program should be marked for that program. If the problem forms a pattern in several programs, however, then the team should mark the appropriate IPI. Similarly, teams should look for patterns in schools. A problem found in one classroom in one school would not be systemic in the same sense that it would be if this problem were found in all classrooms in a school or multiple schools. In the latter case, the appropriate IPI should be marked noncompliant.

## Instructions

The purpose of Form CTS-1e is to summarize the self-review team's analysis of each of the three integrated programs items (IPI) issues in terms of compliance. The statements represent the team's final observations regarding the development and implementation of the district's core curriculum, how the instructional delivery system serves all students, and how this delivery to multifunded students is enhanced through the appropriate coordination of supplemental funding sources.

After the review of the IPI has been completed and specific compliance issues have been determined, team members will be in a position to write their observations collectively. Background information necessary to write this statement will depend on an analysis of information reviewed during the compliance activities listed below:

1. Observations of the district's implementation of its core curriculum and instructional delivery system following its presentation by the LEA at the beginning of the review
2. Observations of how students are learning the district's core curriculum
3. Interviews with adults serving the sampled multifunded students, as well as a review of the students' records
4. Group interviews with all specially funded aides

5. Group interviews with all teachers in elementary schools and specially funded teachers in secondary schools

Completing this section requires the review team to take the perspective of the multifunded student and describe how the supplementary services and materials relate to the district's core curriculum and provide a coordinated and coherent program for the student.

Once the three compliance determinations have been made and the correct boxes have been checked as compliant or noncompliant, the team's observations should be described under the appropriate item number (IPI.1, IPI.2, or IPI.3). The texts of these issues appear in the IPI compliance instrument, pages 57-63.

If the item is marked noncompliant, the observation write-up should specifically describe how and why the item is noncompliant--indicating specific schools, grade levels, or subjects, etc., and where the compliance problems were found.

If the item is marked compliant, the observation write-up should include a description of the program from the perspective of the multifunded students and, if appropriate, commendations.

**LEA SELF-REVIEW**

**COORDINATED COMPLIANCE REVIEW--SUMMARY STATEMENT**

County-district code								LEA name
-------------------------	--	--	--	--	--	--	--	----------

Use the space below to summarize compliance trends, reflecting general patterns of success or problems.

## INSTRUCTIONS FOR COMPLETING THE SUMMARY STATEMENT

### CTS-1F

**Purpose.** The summary statement allows the self-review team to make final observations which go beyond the individual compliance items for each program. It takes advantage of having different people review the LEA's program from different perspectives at the same time. All review team members should convene near the close of the review for the purpose of developing this statement. The statements should be written to highlight patterns of strengths or problems that cross funding sources.

**Summary Statement.** Review all items marked for noncompliance from the point of view of each program as well as across programs.

Also, review the administrative practices or mechanisms related to compliance monitoring and program coordination and who is responsible, both within and across programs. Look for any patterns of problems which the LEA may be having with issues, such as curriculum delivery, student eligibility, program placement, the proper use of personnel or materials and equipment, parent and community involvement, staff development, etc. Also, notice if there are NO consistent patterns of noncompliance within or across programs; that is, the LEA may have only scattered problems or issues related to unique circumstances. In some instances, the trend may be one of noncompliance, and it should be so stated.

### III. STATE VALIDATION REVIEW

#### Purposes of the State Validation Review

The major purposes of the state validation review process are to:

1. *Validate LEA identification of items and tests of compliance and non-compliance for all programs included in the self-review.*
2. *Investigate the extent of noncompliance when the validation review indicates that the LEA has mistakenly identified items/tests as indicating compliance.*
3. *Work in collaboration with the LEA staff to prepare to respond to identified noncompliant items.*
4. *Provide compliance-related technical assistance to the LEA as time permits.*
5. *Acknowledge areas of LEA excellence or extra performance as they relate to compliance issues.*
6. *Validate compliance with the Office for Civil Rights's Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap.*

---

#### Conducting a State Validation Review

In order to achieve the purposes mentioned above, the CDE review team will do the following:

☐ **Step 1: Contact the LEA's CCR coordinator.**

At least 30 days before the validation review, the CDE team leader will contact the CCR coordinator, and, if appropriate the VCR review coordinator, to establish

the validation review schedule. Sample schedules will be distributed during regional training sessions.

☐ **Step 2: Review documents and records.**

Prior to the validation visit, each CDE program representative will read the documents related to his or her program responsibility, including documents related to the district's core curriculum, the school plans for the schools under review, the child development contract, the consolidated application, the migrant education regional

plan and service agreement, the local plan for special education, the vocational education application, the adult education application, and so forth, to ensure understanding of the district/site programs. The team will also review previous district compliance findings and other compliance-related documents.

### ☐ Step 3: Conduct the validation review.

#### *Entrance meeting*

##### **LEA PARTICIPANTS:**

- LEA CCR coordinator
- If appropriate, VCR review coordinator
- LEA superintendent
- LEA administrator(s) responsible for curriculum
- LEA administrator(s) for programs being reviewed
- Migrant education region administrator, SELPA administrator, and district or county administrator for each program to be reviewed
- Principal of each school/site to be reviewed
- County program administrator(s), as appropriate
- Other staff, as appropriate

##### **ACTIVITY**

Introduce team members and identify program review areas.

Identify any team members who will begin mid-review.

Define reviewers' roles and responsibilities.

Discuss purposes and goals of the review.

Obtain an overview of the LEA's core curriculum and how programs for specially funded students relate to it. The LEA should describe how the core curriculum was developed, who was involved, who is responsible for implementing it, and how it is implemented both at the school and in the district. In relation to this core curriculum, the LEA should describe how the categorical programs support the district's core curriculum and how they are coordinated with each other.

Ask LEA staff to describe any intervention strategies being used at sites scheduled for review or being used throughout the LEA. These interventions include C-LERN, work with the Achievement Council, participation as a Compensatory Education Program Improvement school, and other comprehensive strategies designed to increase the success of students in learning their district's core curriculum.

Review major findings from the self-review process.  
Finalize specific times and locations for the review.

#### *SELPA administrative review*

##### **LEA PARTICIPANTS**

SELPA administrator, community advisory committee, and other LEA and county administrators, as appropriate

##### **ACTIVITY**

This review is conducted prior to a district's administrative and curriculum review when it is the first district scheduled in a SELPA. The special education CDE team member will use the appropriate CCR instrument to apply items and tests that require interviews and review of documents at the SELPA.

#### *District and county administrative review*

##### **LEA PARTICIPANTS**

Those listed above, as appropriate

##### **ACTIVITY**

Each CDE team member will use the appropriate CCR instrument to apply items and tests that require interviews and review of documents at the LEA office. As necessary, team members will meet with the LEA business manager to review categorical program funding formulas, allocations, expenditures, personnel time accounting, and inventory controls.

## *School/site review*

### **LEA PARTICIPANTS**

Principal, teachers, other site personnel, parents, teachers' aides, students, etc.

### **ACTIVITY**

Each CDE team member will review his or her respective program area, conduct interviews and observations, and review records. Specifically, the team member:

- Interviews the principal and other key planners
- Observes all affected programs and services at each school site and interviews appropriate staff
- Observes a sample of students receiving multiple programs and services and interviews all teachers and aides providing services to the sample students
- Conducts a group interview of teachers, including specialist staff involved with the programs implemented at the site
- Conducts a group interview of aides involved with the programs implemented at the site
- Reviews pertinent records
- Interviews parents and other community members, as appropriate
- Compares observations and opinions with statements in the school accountability report cards.

## *Parent advisory groups, parents, and community input meeting*

### **LEA PARTICIPANTS**

Parent advisory groups, parents, and community members

### **ACTIVITY**

Provide community members opportunities to voice opinions regarding their participation in the planning, implementation, and evaluation of program(s). Meetings may be scheduled during the regular school day or in the evening hours. If necessary, the LEA is encouraged to provide translators for the meeting(s).

All parents of participating students should be notified of the dates and times of public input meetings and meetings/interviews held in each LEA. Parents in need of interpreter services for the hearing impaired should be advised to request these services in sufficient time for the LEA to provide them.

**NOTE:** All parents of participating students should be notified of the dates and times of public input meetings and meetings/interviews held in each LEA. To increase participation of parents and community members, schools should place notification of public input meetings and LEA parent meetings in newspapers and school newsletters. Schools may send notices to the home via the student or other means of home/school communication. Notices may also be placed in public places, and local TV/radio public information spots can be utilized. In addition, the advisory councils and committees may be called on for assistance in reaching parents and the community.

LEAs are encouraged to notify parents in a timely manner, and in a language they understand, to ensure a high level of parent/community participation.

## *Meeting to prepare for the pre-exit meeting, including discussion of the Integrated Programs Items*

### **PARTICIPANTS**

Validation review team members

### **ACTIVITY**

Review the program compliance findings to date and discuss the integrated programs items from the *CCR Manual* in the context of student observations and staff interviews already conducted. Make additional assignments to team members to complete review of incomplete compliance findings and/or the integrated programs items. As a result of this meeting, the team leader makes arrangements to have the notification of findings (forms CTS-2a through CTS-2f) prepared.

## *Pre-exit meeting*

### **LEA PARTICIPANTS**

Attendance at the pre-exit meeting should be at the discretion of the LEA and may include:

- LEA CCR coordinator
- If appropriate, the VCR review coordinator
- LEA superintendent
- LEA administrator(s) responsible for curriculum
- LEA administrator(s) for programs being reviewed
- Migrant education region administrator, SELPA administrator, and district administrator for each program to be reviewed
- Principal of each school/site visited
- County program administrator(s), as appropriate
- Other staff, as appropriate

### **ACTIVITY**

CDE team members will share their program compliance findings that are to be presented during the exit meeting. This activity addresses the LEA's self-review process and any discrepancies from the self-review which are discovered during the validation review. LEA staff will have an opportunity to ask questions about the CDE's findings and, if appropriate, present additional documentation to demonstrate compliance for a questioned item.

CDE team members will work collaboratively with LEA staff to determine what procedure to use for resolving each noncompliance issue; i.e., the compliance response or the compliance agreement. Team members will suggest what type of documentation would be adequate to resolve noncompliance issues.

## ***LEA exit meeting***

### **LEA PARTICIPANTS**

All persons involved in the CDE compliance validation review process, including parents, advisory groups, and community members

### **ACTIVITY**

In presenting the final report to the assembled community, the CDE team members will:

Emphasize that the validation review represents the CDE's effort to streamline its review procedures by monitoring all categorical programs during one coordinated review.

Emphasize that the self-review and validation review are reviews of the LEA's compliance with laws and regulations.

Explain how this process relates to program quality review and the efforts to reform the core curriculum.

Emphasize that the CCR looks at how the students participating in specially funded programs receive supplementary resources to assist them in learning the district's core curriculum.

Indicate how well the LEA's self-review process worked.

Acknowledge areas of excellence or extra performance as they relate to compliance issues.

Present the findings of the compliance review and, if there are any noncompliance items, indicate that the LEA should take corrective action by submitting within 45 calendar days of the review a *Proposed Resolution of Noncompliance Findings* (Form CTS-4 or CTS-4m). If an in-depth follow-up review is needed to determine the full extent of noncompliance in any area, that should be noted in the report.

Ensure that there is an opportunity for interested parties to obtain clarifications or register concerns about the review and report.

Leave copies of the notification of findings (forms CTS-2a through CTS-2f) with the CCR coordinator; the SELPA administrator; and the migrant region, cooperative, and county administrators, as appropriate.

Thank those involved for their hospitality.

## SELPA Exit Meeting

### LEA PARTICIPANTS

SELPA administrator and others who participated in the SELPA administrative review and representatives from the member districts of the SELPA

### ACTIVITY

This meeting is scheduled (for any SELPA with more than one district) by the special education validation team member and the SELPA administrator. The special education team member will:

Acknowledge areas of excellence or extra performance.

Present the findings of the compliance review and, if there is any noncompliance item, indicate that the agency should take corrective action by submitting within 45 calendar days of the review a *Proposed Resolution of Noncompliance Findings* (Form CTS-4). If an in-depth follow-up review is needed to determine the full extent of noncompliance in any area, that should be noted in the report.

Work collaboratively with SELPA staff to determine what procedure to use for resolving each noncompliance issue; i.e., the compliance response or the compliance agreement.

Suggest what type of documentation would be adequate to resolve noncompliance issues.

Leave a copy of the notification of findings (forms CTS-3a and CTS-3b) with the SELPA administrator.

Thank those involved for their hospitality.

## *Migrant education region administrative review and exit review*

### LEA PARTICIPANTS

Migrant education region administrator and others, as appropriate

### ACTIVITY

This review is scheduled on a date following completion of all validation reviews in the migrant region. The migrant education CDE reviewer will use the migrant education CCR instrument to apply items and tests that require interviews and review of documents at the regional office. The reviewer will prepare a report and conduct an exit meeting to:

Acknowledge areas of excellence or extra performance.

Present the findings of the compliance review and, if there is any noncompliance item, indicate that the agency should take corrective action by submitting within 45 calendar days of the review a *Proposed Resolution of Noncompliance Findings* (Form CTS-4m). If an in-depth follow-up review is needed to determine the full extent of noncompliance in any area, that should be noted in the report.

Work collaboratively with migrant regional staff to determine what procedure to use for resolving noncompliance; i.e., the compliance response or the compliance agreement.

Suggest what type of documentation would be adequate to resolve noncompliance issues.

Leave a copy of the notification of noncompliance findings (forms CTS-3a and CTS-3b) with the migrant education region administrator.

Thank those involved for their hospitality.

### ☐ Step 4: Provide follow-up to the validation review.

- For any item/test found to be non-compliant, the LEA is responsible for taking corrective action in the entire LEA.
- Following the exit meeting, and the issuance of Form CTS-2d, the LEA having a VCR review will receive a more detailed *Letter of Findings*. For any VCR issue found to be noncompliant, the LEA is responsible for taking corrective action

to be monitored by CDE the following year. Within one year from the issuance of the *Letter of Findings* and implementation of the Voluntary Compliance Plan, the LEA will be contacted and requested to supply documentation that each noncompliant issue listed has been resolved or remedied. CDE staff will continue to monitor noncompliance until all issues are resolved or remedied.

- Upon request, and as follow-up to the review process, CDE staff will assist the LEA in resolving noncompliance findings by providing a variety of options for the LEA to accomplish its programmatic purposes.
- CDE staff will enter the validation review results into the computerized compliance tracking system by returning the completed noncompliance findings to the Management Systems Development Unit staff.
- An LEA or agency with compliance exceptions has 45 calendar days in which to submit a *Proposed Resolution of Noncompliance Findings* (using Form CTS-4 or CTS-4m) in which the agency demonstrates to the CDE how it has satisfactorily solved or will solve the problem.
- CDE staff and management will work with each LEA to resolve all noncompliance issues within the required 45 or 180 days (see page 49 for more specific instructions about compliance resolution). If, after 225 calendar days, noncompliance issues have not been resolved, the CDE will request that the LEA superintendent notify the local board of education of the noncompliance and efforts of resolution. If, after 365 calendar days, the noncompliance issues have not been resolved, the CDE will communicate directly with the local board of education about noncompliance resolution.

☐ **Step 5: Provide additional technical and program assistance, as necessary.**

If the LEA would like additional technical assistance after the validation review, Form CTS-2g, page 43, should be completed and submitted. The form has the mailing address printed on the back and can be folded and used as its own envelope. Once received, the request will be forwarded to the appropriate program office.

### **Complaints regarding the CCR process**

If the LEA has evidence that a finding of noncompliance is in conflict with its curriculum and instruction improvement process, or if the LEA believes the law has been misinterpreted, the specifics should be incorporated in a letter to:

Wade Brynson, Assistant Superintendent  
 Compliance and Consolidated Programs Management Division  
 California Department of Education  
 P.O. Box 944272  
 Sacramento, CA 94244-2720

## STATE VALIDATION REVIEW SUMMARY FORMS

### Coordinated Compliance Review Notification of Findings

This report will be prepared by the CDE compliance review team leader, signed by each CDE program representative and the official LEA CCR coordinator, and presented to the LEA representative at the completion of the compliance review. In addition, if the LEA needs technical assistance after the validation review, Form CTS-2g, on page 43, should be filled out and returned immediately.

Forms CTS-2a through CTS-2g

**STATE VALIDATION REVIEW  
COORDINATED COMPLIANCE REVIEW-NOTIFICATION OF FINDINGS**

Page \_\_\_\_ of \_\_\_\_

County-district code		County
School district		Cooperative (if applicable)
SELPA		Migrant education region (if applicable)
LEA CCR coordinator	Phone number ( )	Exit date

Forms CTS-2a through CTS-2f represent the official report of findings of the California Department of Education's review regarding the compliance status of the district or agency.

**Purpose.** The purpose of the coordinated compliance review (CCR) is to examine all of the local educational agency's categorical programs for compliance with federal and state laws and regulations. The *Coordinated Compliance Review Manual* and "Notification of Findings" (forms CTS-2a through CTS-2f) are for use by Department compliance review validation teams.

**Signatures and Distribution.** This "Notification of Findings" will be completed by the CDE CCR team leader for each program indicated on Form CTS-2b. Copies will be distributed as follows: original and one copy to CDE, one copy to the district LEA representative, and one to each applicable regional LEA administrator (i.e., cooperative administrator, migrant region, SELPA, county). The LEA CCR coordinator is responsible for distribution of copies to appropriate LEA and regional personnel.

**Required Response.** If noncompliance findings are identified by the compliance review team, the LEA is required to resolve each finding within 45 calendar days of the exit date of the review. In those cases when certain issues cannot be resolved within the required 45-calendar day period, the LEA must submit a proposed compliance agreement. In either case, the LEA must respond by completing and submitting a "Proposed Resolution of Noncompliance Findings." This is Form CTS-4 or CTS-4m in Section III of the *Coordinated Compliance Review Manual*.

The date by which your agency must submit its "Proposed Resolution of Noncompliance Findings" is:

\_\_\_\_\_

**Failure to Resolve Noncompliance Findings (Sanctions).** When an LEA fails to resolve compliance exceptions within the 45-calendar day limit and there is no compliance agreement, the LEA becomes a potential candidate for sanctions. If the LEA, working with CDE management, is unsuccessful in resolving compliance exceptions, one or more of the following sanctions may be invoked:

- Withholding of categorical aid funds
- Institution of civil action
- Withholding of a.d.a. funds
- Termination of a contract

If you have questions regarding the resolution of compliance exceptions, please contact the appropriate program director(s). Assistance from the Department is available to your LEA.

**INSTRUCTIONS FOR COMPLETING THE  
STATE VALIDATION REVIEW  
CTS-2D**

Use this form only if noncompliance findings are identified. If none, make sure that all programs reviewed have a "0" in column 2 on Form CTS-2c.

For any noncompliance finding enter in . . .

**Column 1:** The program code

**Column 2:** The item number

**Column 3:** The test letter

**Column 4:** For child development only, the subprogram suffix (e.g., GEN for general child development)

**Column 5:** The school/site where the noncompliance was found

**Column 6:** A CR (compliance response) if the noncompliant item will be resolved within 45 calendar days, or a CA (compliance agreement) if the LEA is proposing a compliance agreement to extend the 45-calendar day period allowed for resolution. In either case, the LEA must submit a "Proposed Resolution of Noncompliance Findings" (Form CTS-4) within 45 calendar days of the CCR exit date.

**Column 7:** A description of the specific noncompliance finding(s) or a commendation.

## INSTRUCTIONS FOR COMPLETING THE FINDINGS FOR THE INTEGRATED PROGRAMS ITEMS CTS-2E

### Overview of the Integrated Programs Items (IPI)

The IPI, unlike other specially funded program items in the *CCR Manual*, constitutes the whole program as it impacts participants in the LEA. The goal of the IPI is to provide multifunded students with the district's core curriculum and instructional delivery system as well as support from supplementary funds to help them successfully learn the core curriculum. This goal requires reviewers to use strategies which examine the core curriculum, analyze the sequential nature of supplementary services, and determine whether students are receiving a coherent and coordinated program.

An examination of the district's core curriculum, the LEA's specially funded programs, and the interrelationships must be made from a variety of perspectives, including those of a limited number of multifunded students. The IPI compliance or noncompliance, under the coordination of the validation review team leader, is then determined by the entire team. The IPI transcends a single program, and teams should mark as noncompliant only the clearest, unequivocal, and systemic problems related to these three IPI tests.

A more operational definition of "systemic" follows. Issues that are found as noncompliant only in a particular specially funded program should be marked for that program. If the problem forms a pattern in several programs, however, then the team should mark the appropriate IPI. Similarly, teams should look for patterns in schools. A problem found in one classroom in one school would not be systemic in the same sense that it would be if this problem were found in all classrooms in a school or multiple schools. In the latter case, the appropriate IPI should be marked noncompliant.

When any one of the IPI items is marked, the LEA needs to know specifically what the team has found, where it is found, and how it deviates from the requirements. A detailed, analytical narrative is required. Specific problems must be identified in order that the LEA will clearly understand where it is out of compliance and how the curriculum and specially funded program interrelationships vary from CDE leadership directions. The elements of how, why, what, and where are critical for the IPI items.

### Instructions

The purpose of Form CTS-2e is to summarize the validation review team's analysis of each of the three integrated programs items (IPI) issues in terms of compliance. The statements represent the team's final observations regarding the development and implementation of the district's core curriculum, how the instructional delivery system serves all students, and how this delivery to multifunded students is enhanced through the appropriate coordination of supplemental funding sources.

After the review of the IPI has been completed and specific compliance issues have been determined, team members will be in a position to write their observations collectively. Background information necessary to write this statement will depend on an analysis of information reviewed during the compliance activities listed below:

1. Observations of the district's implementation of its core curriculum and instructional delivery system following its presentation by the LEA at the beginning of the review
2. Observations of how students are learning the district's core curriculum
3. Interviews with adults serving the sampled multifunded students, as well as a review of the students' records
4. Group interviews with all specially funded aides

5. Group interviews with all teachers in elementary schools and specially funded teachers in secondary schools

Completing this section requires the review team to take the perspective of the multifunded student and describe how the supplementary services and materials relate to the district's core curriculum and provide a coordinated and coherent program for the student.

Once the three compliance determinations have been made and the correct boxes have been checked as compliant or noncompliant, the team's observations should be described under the appropriate item number (IPI.1, IPI.2, or IPI.3). The texts of these issues appear in the IPI compliance instrument, pages 57-63.

If the item is marked noncompliant, the observation write-up should specifically describe how and why the item is noncompliant--indicating specific schools, grade levels, or subjects, etc., and where the compliance problems were found.

If the item is marked compliant, the observation write-up should include a description of the program from the perspective of the multifunded students and, if appropriate, commendations.

**STATE VALIDATION REVIEW  
COORDINATED COMPLIANCE REVIEW--SUMMARY STATEMENTS**

Page \_\_\_\_ of \_\_\_\_

County-district code								LEA name
-------------------------	--	--	--	--	--	--	--	----------

Use the space below to write summary statements for the identified topics. Instructions for completing this form are on reverse.

1. Compliance trends: Summarize compliance trends, reflecting general patterns of success or problems.

2. General commendations. List general or cross-program commendations related to the coordinated compliance review process. (Commendations related to specific programs should be identified on Form CTS-2d.)

## INSTRUCTIONS FOR COMPLETING THE SUMMARY STATEMENTS

### CTS-2F

**Purpose.** The summary statements allow the validation review team to make final observations which go beyond the individual compliance items for each program. It takes advantage of having different people review the LEA's program from different perspectives at the same time. All review team members should convene near the close of the review for the purpose of developing these statements. The statements should be written to highlight patterns of strengths or problems that cross funding sources.

#### **Summary Statement 1: *Compliance trends.***

Review all items marked for noncompliance from the point of view of each program as well as across programs. Also, review the administrative practices or mechanisms related to compliance monitoring and program coordination and who is responsible, both within and across programs. Look for any patterns of problems which the LEA may be having with curriculum delivery, student eligibility, program placement, the proper use of personnel or materials

and equipment, parent and community involvement, staff development, or other issues. Also, notice if there are NO consistent patterns of non-compliance within or across programs; that is, the LEA may have only scattered problems or issues related to unique circumstances. In some instances, the trend may be one of noncompliance, and it should be so stated.

**Summary Statement 2: *General commendations.*** General commendations are included as part of the validation review. They are statements of administrative and instructional practices or mechanisms with regard to compliance monitoring or interprogram communication and coordination which appear to be very effective or exemplary. These statements should be included under Summary Statement 2 on Form CTS-2f. Commendations related to specific programs (e.g., vocational education, child development) are to be labeled as such and included on Form CTS-2d.

## SELPA/MIGRANT EDUCATION REGION SUMMARY FORMS

### Coordinated Compliance Review Notification of Findings

This report will be prepared and signed by the CDE special education or migrant education reviewer. It will also be signed by and presented to the regional program administrator at the completion of the compliance review.

Forms CTS-3a and CTS-3b

**SELPA/MIGRANT EDUCATION REVIEW  
COORDINATED COMPLIANCE REVIEW--NOTIFICATION OF FINDINGS**

Page \_\_\_\_ of \_\_\_\_

SELPA code						SELPA	Migrant region
------------	--	--	--	--	--	-------	----------------

Program reviewed	Typed name of CDE reviewer	Signature of CDE reviewer
Migrant education -- (916) 445-9850		
Special education -- (916) 445-3561 (north) or (213) 620-2151 (south)		

Forms CTS-3a and CTS-3b represent the official report of findings of the California Department of Education's review regarding the compliance status of the special education local plan area (SELPA) or migrant education region.

**Purpose.** The purpose of the coordinated compliance review (CCR) is to examine all of the local educational agency's categorical programs for compliance with federal and state laws and regulations. The *Coordinated Compliance Review Manual* and "Notification of Findings" (forms CTS-3a and CTS-3b) are for use by CDE compliance review staff.

**Process and Distribution.** This "Notification of Findings" will be completed by the CDE CCR reviewer. The reviewer will visit the SELPA office prior to the review of the first district in the SELPA. The reviewer will visit the migrant regional office after the last district in the region has been reviewed. The regional level administrative review will be conducted by applying the items/tests specified in the CCR manual. As soon as the reviews of all the districts in the SELPA or migrant region have been completed, this report will be completed. Copies will be distributed as follows: original and one copy to CDE and one copy to the SELPA or migrant region administrator.

**Required Response.** If noncompliance findings are identified by the CDE reviewer, the agency is required to resolve each finding within 45 calendar days of the exit date of the review. In those cases when certain issues cannot be resolved within the required 45-calendar day period, the agency must submit a proposed compliance agreement. In either case, the agency must respond by submitting a "Proposed Resolution of Noncompliance Findings." This is Form CTS-4 or CTS-4m in Section III of the *Coordinated Compliance Review Manual*.

The date by which your agency must submit its "Proposed Resolution of Noncompliance Findings" is:

\_\_\_\_\_

**Failure to Resolve Noncompliance Findings (Sanctions).** When an agency fails to resolve compliance exceptions within the 45-calendar day limit and there is no compliance agreement, the agency becomes a potential candidate for sanctions. If CDE management is unsuccessful in resolving compliance exceptions, one or more of the following sanctions may be invoked:

- Withholding of categorical aid funds
- Institution of civil action
- Withholding of a.d.a. funds
- Termination of a contract

If you have questions regarding the resolution of compliance exceptions, please contact the appropriate program director(s) or complete and submit form CTS-2g. Assistance from the Department is available to your agency.

**INSTRUCTIONS FOR COMPLETING  
THE SELPA/MIGRANT EDUCATION REVIEW CCR-NOTIFICATION OF FINDINGS  
FORM CTS-3B**

For any noncompliance finding enter:

- Column 1:** The item/test number
- Column 2:** The name of the district(s) where noncompliance was identified
- Column 3:** A CR (compliance response) if the noncompliant item will be resolved within 45 calendar days, or a CA (compliance agreement) if the agency is proposing a compliance agreement to extend the 45-calendar day period allowed for resolution. In either case, the agency must submit a "Proposed Resolution of Noncompliance Findings" (Form CTS-4 or Form CTS-4m) within 45 calendar days of the CCR exit date.
- Column 4:** Any commendations and a description of the specific noncompliance finding(s)

## Resolution of Noncompliance, Form CTS-4 or Form CTS-4m

All compliance reviews conducted by the California Department of Education are conducted in accordance with the legal responsibility set forth in federal and state laws and regulations. When an LEA or other agency receives official CDE notification of noncompliance findings from a compliance review, the LEA or agency is legally responsible for the timely resolution of those issues.

Within 45 calendar days of the official notification date, which is the exit date of the review indicated on the *Coordinated Compliance Review--Notification of Findings* (Form CTS-2a or CTS-3a), the LEA must submit a *Proposed Resolution of Noncompliance Findings* (Form CTS-4). For migrant education, the LEA must submit Form CTS-4m.

NOTE: As follow-up to noncompliant issues from vocational education civil rights reviews, the LEA must submit, within 45 calendar days from the issuance of the *Letter of Findings*, a "Voluntary Compliance Plan." This plan responds to noncompliant findings which were the result of a vocational civil rights review.

For noncompliance findings which *are resolved by the LEA/agency within 45 calendar days* of the official notification date of the review, the LEA must:

1. Complete Form CTS-4 or CTS-4m--Describe the specific corrective action(s) taken to resolve each identified noncompliant issue. On the right side of the form, under the header Past (CR), enter the date on which the resolution activity was completed.
2. Sign the form and submit the original and one copy to the CDE at the address cited at the end of this section.

If noncompliance findings *cannot be resolved by an LEA/agency within the 45-calendar-day response period*, federal and state laws and regulations permit an LEA/agency and the CDE to enter into a compliance agreement. An approved compliance agreement permits the CDE to suspend, for the duration of the compliance agreement, any enforcement actions which it may be obligated to perform in response to noncompliance findings. Compliance agreements may:

- Only be requested for an item/test for which it is legal to extend the 45-calendar-day resolution period

- Not be extended or rewritten once approved by the CDE
- Not be longer than 180 days from the compliance agreement approval date

When the LEA wishes to submit a proposal for a compliance agreement:

1. Complete Form CTS-4 or CTS-4m--Include information that identifies the compliance item, the proposed corrective actions, and the date by which these actions will be completed.
2. Sign the form and submit the original and one copy to the CDE at the address listed at the end of this section.

NOTE: Before the expiration date of a compliance agreement, the LEA must submit a new *Proposed Resolution of Noncompliance Findings* (Form CTS-4 or CTS-4m) indicating that the agreed-upon actions have been completed. The compliance status of the LEA will revert to noncompliant if the LEA/agency does not make this submission.

### Additional required materials

Any additional materials submitted should be clearly labeled on the top of each attachment to indicate the applicable program. Include additional supportive information, such as documents and detailed narratives, as attachments to the compliance response. If necessary, submit amendments to the program applications and/or school plans, local plans, procedural handbooks, etc. If the school program is affected, submit amended assurance pages from all appropriate advisory committees and councils indicating that they have been involved in the development of the revised program, if their participation is required by law or regulation.

## IV. CCR INSTRUMENTS AND INSTRUCTIONS

### Structure of the Instruments

The CCR instruments are organized by program; all items specifically related to a program are grouped together in a separate instrument. Since there are some items from the law and regulations that clearly apply to more than one program, these items are grouped together in an instrument called *Integrated Programs Items*.

#### Program Goals

At the beginning of each compliance instrument is a brief statement summarizing the intent of that program. These goal statements are included to facilitate communication among different people with different program specialties who may be working together to conduct or use the results of a coordinated compliance review.

#### Key Strategy Statements

For each program there are several key strategy statements, each supporting the program goal and addressing a key policy from that program's law and regulations. These statements serve as organizers for compliance items.

#### Compliance Items

These are the specific program requirements that summarize law and/or regulation and/or agency contract. The compliance items for a program are organized and grouped under key strategy statements.

#### Compliance Tests

A compliance test is a part of a compliance item and is directly referenced to law and/or regulation. Most items in the instrument are made up of these compliance tests. The tests under a compliance item are always directly related to that item and are generally more specific than the item. Occasionally an item cannot be divided into tests; in this case the item is referenced to law or regulation and is treated as a test. Each compliance test is identified as either primary or secondary. All tests must be met as part of program compliance.

Primary Compliance Tests are those tests that are central to the intent of the law, provide civil rights guarantees, or have historically been problematic. During a self-review and validation review, all primary tests are to be applied.

Secondary Compliance Tests are those tests which do not meet the criteria for a primary test. During a self-review all applicable compliance items, primary tests, and secondary tests are to be reviewed. During a validation review, secondary tests may not be reviewed when primary test findings for the same item show compliance. Secondary tests will be reviewed when primary tests(s) for the same item are noncompliant, when problems are noted during self-review, and when secondary tests are part of a random sample.

## Compliance items/test columns

Techniques and procedures for determining compliance are included in the columns to the right of each compliance item or test and are described below.

**NOTE:** The methods and criteria for validating compliance with program requirements set forth in columns two and three for each compliance item are exemplary, non-mandatory program guidelines as that term is used in *Education Code* Section 33308.5. They represent the Department's current understanding of the most appropriate way to validate compliance with the applicable legal requirements set forth in column one. Reasonable alternative methods and criteria for validating compliance will be considered by the Department. Any proposed alternative methods and criteria for validating compliance should be submitted by the LEA in writing to the Department no later than 30 days prior to the LEA's scheduled compliance review.

### Review level

This column indicates where the compliance test/item should be reviewed. Some items/tests should be reviewed at a school or instructional setting; some, at a district office; some, at a regional or agency office; and some, at several locations. The items/tests on the instrument are coded to indicate the appropriate review level.

- Site:** The place where the program services are delivered to students (i.e., a school)
- District:** The district office or LEA office
- County:** The county office or LEA office
- Region:** A migrant education regional office
- SELPA:** A special education local plan area office

If an item/test is to be reviewed at more than one level, the levels will be identified with an "and" between them. If an item/test should be reviewed only at one level, but not necessarily the same in every review, the choices are listed with "or" between them. The levels are related to the information in the **How to test for compliance** and **What to look for** columns.

### How to test for compliance

This column contains brief instructions about the process of review for the corresponding item or test. These instructions specify the method of review (e.g., interview, observation, document review) and identify who should be interviewed or what should be reviewed. If an interview is indicated, it will usually be followed by a sample question(s) to ask during the interview. Of course, other questions may be necessary to determine compliance.

### What to look for

This column contains brief instructions about what the reviewer needs to see or hear to establish compliance. These instructions outline what needs to be determined through an interview, what should be seen during an observation, or what the content of documentation should be. The column is left blank if the item or test is self-explanatory in this respect.

### Comments

This column may be used by the reviewer to record the compliance findings for each item/test and to write any comments related to the status.

## Reporting Findings

**Self-review:** All noncompliance findings should be recorded on the *LEA Self-Review Coordinated Compliance Review--Summary of Findings* (forms CTS-1a through CTS-1f), following the instructions on those forms.

**State validation review:** Noncompliance findings will be recorded on the *Validation Review Coordinated Compliance Review--Notification of Findings* (forms CTS-2a through CTS-2f). For VCR reviews, a more detailed *Letter of Findings* will be sent to the LEA.

**Regional administrative review:** Noncompliance findings will be recorded on the *SELPA/Migrant Education Region Coordinated Compliance Review--Notification of Findings* (forms CTS-3a and CTS-3b).

To respond to any noncompliance issues identified during a CCR, use *Proposed Resolution of Noncompliance Findings* (Form CTS-4 or CTS-4m).

## Program

### Integrated Programs Items

## Program Goal

To provide multifunded students with the district's core curriculum and instructional delivery system as well as support from supplemental funds to help them successfully learn the core curriculum

## Key Strategies

- *The K-12 specially funded programs support and do not supplant either the district's core program or any other district or specially funded services for eligible students.*
- *The K-12 specially funded program services are coordinated to provide multifunded students with a coherent educational experience which enables them to learn the core curriculum.*

**Program:** Integrated Programs Items (K-12)

**Program Goal:** To provide multifunded students with the district's core curriculum and instructional delivery system as well as support from supplemental funds to help them successfully learn the core curriculum

**Key Strategy:** *The K-12 specially funded program services support and do not supplant either the district's core curriculum or any other district or specially funded services for eligible students.*

## Program

**School-Based Programs** (School-Based Coordinated Programs and School-Based Pupil Motivation and Maintenance Programs)

## Program Goal

**School-Based Coordinated Programs:** To provide greater flexibility for schools and school districts in coordinating and using the various funds they receive.

**School-Based Pupil Motivation and Maintenance Programs:** To increase the school's retention rate of all students, with special emphasis on the needs of high-risk students.

## Key Strategies

- *The school's planned program coordinates the categorical services to meet the special needs of students and enables them to learn the district's core curriculum.*
- *The local board of education and school site council(s) have been involved in planning school-based programs.*
- *Individual program protections are provided by school-based programs.*
- *The school's planned program aims to increase retention rates for all students, with special emphasis on the needs of high-risk students.*

## Instructions for Using the School-Based Programs Instrument

### SCHOOL-BASED COORDINATED PROGRAMS

The first eight compliance items (SBCP.1-SBCP.8) of the School-Based Programs instrument must be applied to any school that has chosen to operate a School-Based Coordinated Program (SBCP) and is coordinating one or more of the following programs:

- School Improvement
- Economic Impact Aid/State Compensatory Education (EIA/SCE)
- Miller-Unruh Reading Program
- Special Education
- Professional Development (SB 1882)
- Gifted and Talented Education (GATE)

The first eight compliance items take the place of the compliance instruments for any of the first three programs listed above when they are included in the SBCP. In the case of special education, services are coordinated, not actual funds. A modification of the special education instrument is contained within this instrument (see SBCP.8), and the reviewer must also use the special education instrument during a compliance review.

At sites which coordinate a Professional Development program as part of a school-based program (either SBCP or Motivation and Maintenance [M&M]), the reviewer must use both this compliance instrument and the Professional Development compliance instrument.

In addition, even if Economic Impact Aid/Limited-English-Proficient (LEP) funds are coordinated, the requirements for serving LEP students are not modified. The compliance instrument for LEP services is used in conjunction with the School-Based Programs instrument.

### SCHOOL-BASED PUPIL MOTIVATION AND MAINTENANCE PROGRAM

A school which operates a School-Based Pupil Motivation and Maintenance Program (i.e., SB 65) must use both M&M.1 through M&M.8 and the addendum just for School-Based Pupil Motivation and Maintenance programs (M&M.9 through M&M.12). Schools receiving SB 65 funds, therefore, must comply with all of the items in the School-Based Programs instrument, including the first eight items.

For schools receiving SB 65 funds, the six programs mentioned under School-Based Coordinated Programs in the SBCP section may be coordinated. In addition, schools receiving SB 65 funds may coordinate Continuation Education, Independent Study, Opportunity Schools Program, Regional Occupational Center, and Work Experience Education funding sources.

### SCHOOL-BASED COORDINATED PROGRAMS AND PUPIL MOTIVATION AND MAINTENANCE PROGRAMS

Federal funds (e.g., migrant education or ESEA, Chapter 1) are not affected by School-Based Programs and, therefore, are monitored using the appropriate program compliance instrument.

Finally, the Integrated Programs Items instrument and the All Consolidated Programs instrument, except Con.1, must be used for any School-Based Program.

<p><b>SBCP.4d, M&amp;M.4d</b> The school continues to maintain a school advisory committee (SAC) required for state compensatory education, or the SAC has designated the SSC to carry out its functions. (EC 52858, 54723)</p>	<p><b>District and site</b></p> <ul style="list-style-type: none"> <li>- Examine records of the committee (minutes, reports, etc.).</li> </ul>	<ul style="list-style-type: none"> <li>- Documentation that an SAC exists or that its functions were delegated to the SSC by the SAC</li> </ul>	
<p><b>SBCP.4e, M&amp;M.4e</b> If EIA/LEP services are coordinated in a school-based program, the SSC consulted with the school-level bilingual advisory committee prior to submitting a school plan. (EC 52858.5)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Examine SSC minutes.</li> </ul>	<ul style="list-style-type: none"> <li>- Documentation that the school-level Bilingual Advisory Committee (BAC) was consulted and approval/disapproval was obtained</li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
SBCP.4f, M&M.4f If a school district and school participate in an SBCP, and the school site advisory committee elected to designate the SSC to function as that advisory committee for all purposes required by statute or regulations, it may do so for a period of up to two years. (EC 52870)	Site - Examine SSC minutes.	<ul style="list-style-type: none"> <li>- If responsibility was designated, there is documentation that the SAC and/or the BAC functions were delegated to the SSC.</li> <li>- If the BAC has delegated its responsibility to the SSC, there is documentation that the SSC has addressed all requirements in LEP.14 in this manual.</li> </ul>	

**Key Strategy:** Individual program protections are provided by school-based programs.

SBCP.5, M&M.5 If EIA services are coordinated in a school-based program (SBP), the following have not been reduced: educational services, the instructional delivery system for EDY students, and parent involvement.

Primary test

SBCP.5a, M&M.5a If less than 75 percent of the participants in an SBP are educationally disadvantaged pupils, there is state and local funding available for allocation which is equal to or greater than the per pupil amount allocated to that school per disadvantaged pupil through the Economic Impact Aid program multiplied times 75 percent of the school enrollment.

(EC 52858, 54723)

Secondary test

SBCP.5b, M&M.5b The district continues to distribute EIA funds according to a state-approved allocation plan.

(EC 52858, 54723)

**District**

- Review Consolidated Application (page 44) and school plan budgets.

- Compensatory education students are being served according to the school plan.
- Minutes of the School Advisory Committee, or if the SAC delegated its responsibility to the SSC, SSC minutes

**District**

- Compare approved Consolidated Application EIA allocation (page 45) with district's SBP budget.

- Actual EIA allocations to SBP schools match those in the Consolidated Application.

## Program

### Child Development

## Program Goal

To provide an efficient and effective child care and development system as determined by community needs, offering a full range of services in a safe, healthful, and nurturing environment

## Key Strategies

- *Agencies provide eligible families with subsidized child care in relation to their socioeconomic levels.*
- *Families are enrolled according to program priorities, and the agency ensures that families are informed of their due process and civil rights.*
- *Agencies provide adequate supervision of children by qualified personnel in licensed facilities.*
- *Staff development plan and activities ensure program effectiveness, efficiency, and consistency.*
- *Agencies meet their special program requirements.*
- *Nurturing conditions in the center are adequate and developmentally appropriate.*
- *Agencies have formulated and implemented a plan for parent involvement and education.*
- *Agencies inform the community about their services and have a process for providing and referring families with social services or health care needs in the community.*
- *Agencies have a plan to evaluate the program annually to determine whether or not the program goals and objectives are being met.*

### Child Development Programs

(APP) Alternative Payment	(SAC) School-Age Community
(FCC) Family Child Care	(SH) Severely Handicapped
(GEN) General Child Development	(SPD) School-Age Parenting and
(MIG) Migrant Child Development	Infant Development
(R&R) Resource and Referral	(SPS) State Preschool

Program: Child Development

Program Goal: To provide an efficient and effective child care and development system as determined by community needs, offering a full range of services in a safe, healthful, and nurturing environment

Key Strategy: Agencies provide eligible families with subsidized child care in relation to their socioeconomic levels.

## Program

### All Consolidated Programs

**Note:** The following CCR instruments were affected by the June 30, 1987, "sunset" of five categorical programs: All Consolidated Programs, Compensatory Education, State Program for Students of Limited-English Proficiency (LEP), School Improvement, and Miller-Unruh Reading. These instruments were significantly revised in 1987 to reflect the "sunset" statutes. For the "sunset" programs, the Department has the responsibility to "audit the use of such funds to ensure that such funds are expended for eligible pupils according to the purposes for which the legislation was originally established for such programs" (EC 62003). The Department is carrying out this responsibility through the CCR process. These instruments are used to determine official compliance and noncompliance of local educational agencies during 1990-91.

## Program Goals

**Compensatory Education--**To expand and improve the educational opportunities of educationally disadvantaged students to succeed in the regular program

**State Program for Students of Limited-English Proficiency (LEP)--**To develop fluency in English in each student as effectively and efficiently as possible; promote students' positive self-concepts; promote cross-cultural understanding; and provide equal opportunity for academic achievement, including, when necessary, academic instruction through the primary language

**School Improvement Program--**To encourage school improvements (K-12), through a collaborative decision-making process within the school community to meet the educational, personal, and career needs of every student in a timely and effective manner

**Miller-Unruh Reading Program--**To prevent and correct reading disabilities at the earliest possible time in the education of the student

**ESEA, Chapter 2--**To improve elementary and secondary education in public and private nonprofit schools.

**Neglected or Delinquent Program** To assist students in acquiring knowledge and skills necessary to participate effectively in society

## Key Strategies

- *LEAs have developed a management system to support and monitor compliant school and district plan/program development and implementation.*
- *LEAs serve eligible students in eligible schools in nonisolated and nonsegregated classrooms.*
- *LEAs are accountable for funds used to hire staff and to purchase equipment and services which supplement general fund programs.*

**Program:** All Consolidated Programs

**Key Strategy:** LEAs have developed a management system to support and monitor compliant school and district plan/program development and implementation.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><u>Primary item</u>  <b>Con.1</b> Each participating school is implementing an approved plan that describes the program for each consolidated program's funding source.            (EC 64001(a),(c))</p>	<p><b>District</b></p> <ul style="list-style-type: none"> <li>- Compare district process for reviewing and approving school plans with page 29 of the Consolidated Application.</li> </ul> <p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review school plans.</li> </ul> <p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Interview key planners.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- Was the school plan modified to implement recommendations from the "Report of Findings" of the latest Program Quality Review?</li> </ul>	<ul style="list-style-type: none"> <li>- Date the plan was approved by the local governing board</li> <li>- The school site council, or any applicable School Advisory Committee (SAC), has annually reviewed the school plan, established a new budget, and if necessary, made other modifications in the plan to reflect changing needs and priorities.</li> <li>- The plan accounts for all program services provided by consolidated programs.</li> <li>- The school plan contains improvement activities designed to meet the educational, personal, and career needs of the under-achieving, average, special education, gifted, and limited-English-proficient students.</li> </ul>	
<p><u>Primary item</u>  <b>Con.2</b> Results of an annual evaluation demonstrate that the district and each participating school are implementing consolidated programs that are not of low effectiveness, under criteria established by the local governing board.            (CCR TS 3942(3))</p>	<p><b>District and Site</b></p> <ul style="list-style-type: none"> <li>- Review criteria established by the local governing board.</li> <li>- Interview members of district and school site advisory councils.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- Do consolidated programs meet the effectiveness standards established by the local governing board?</li> <li>- Do evaluation data demonstrate that consolidated programs are effective with all special need student populations, or do the data demonstrate improvement over previous years?</li> </ul>	<ul style="list-style-type: none"> <li>- The local governing board has established criteria to determine that consolidated programs are not of low effectiveness.</li> <li>- Districts are encouraged to consider characteristics of effective schools as found in the <i>Program Quality Review</i>, including such criteria as academic focus, rigorous content, a safe and orderly environment, coordinated curriculum, and others.</li> <li>- The effects of instruction on students:               <ul style="list-style-type: none"> <li>■ Test scores</li> <li>■ Other kinds of measures: criterion-referenced measures, writing samples, papers, final exams, and teacher judgment</li> </ul> </li> </ul>

<p><u>Secondary item</u>  <b>Con.4</b> Each school operating consolidated programs (e.g., SIP, SBCP, SB 65, EIA/SCE, and Prof. Dev.) has had an on-site program quality review (PQR) conducted at least once every three years, unless authorized to be conducted once every four, five, or six years.            (EC 64001(c))</p>	<p><b>District</b></p> <ul style="list-style-type: none"> <li>- Identify the program review cycle and procedures on pages 25 and 29 of the Consolidated Application.</li> </ul> <p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review the Report of Findings from the last PQR.</li> <li>- Review the school's triennial Self-Study in which it compares its program with each of the quality criteria.</li> <li>- Review evidence that the school is implementing the <u>Suggestions and Assistance Action Plans</u> generated by the last PQR (for 5- and 6-year cycles only).</li> <li>- Review any waivers affecting the program review cycle.</li> <li>- Review documentation that the school was nominated or recognized as a California Distinguished School (for 5- and 6-year cycles only).</li> </ul>	<ul style="list-style-type: none"> <li>- Determine that a PQR was conducted on a 3-year cycle, unless the school obtained a waiver or had applied for and met the criteria for one of the following cycles:  <i>Schools with a 4-year cycle have the following documentation:</i> <ul style="list-style-type: none"> <li>■ Written assurance from the district superintendent that the school's program is effectively managed</li> <li>■ Self-Study Report or the schedule for conducting the Self-Study this year</li> <li>■ Minutes of SSC and appropriate advisory committees showing their agreement with the extended cycle</li> </ul> <i>Schools with a 5- and 6-year cycle have the following documentation:</i> <ul style="list-style-type: none"> <li>■ Schools meet criteria for 4-year cycle.</li> <li>■ Self-Study has been submitted to the Office of School Improvement with a letter indicating the intent to conduct its next review on a 5-year cycle.</li> <li>■ Evidence that the schools are addressing the needs for improvement identified in the last PQR.</li> <li>■ Schools were nominated for and participated in reviews for the California Distinguished Schools Award.</li> </ul> <i>Schools with 6-year cycle have the following documentation:</i> <ul style="list-style-type: none"> <li>■ Schools meet criteria for the 4- and 5-year cycle.</li> <li>■ Schools selected as a California Distinguished School.</li> <li>■ Plans contain articulation strategies that link sites/district with institutions of higher education, county offices of education, agencies, or other organizations, including consortia, for the purpose of improving the instructional program.</li> </ul> </li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
Con.4 (continued)		WASC/CDE Joint Process: an exception to meeting the above-mentioned criteria may be made for middle schools or high schools which have conducted a WASC/CDE Joint Process Review. CDE will recognize any accreditation cycle, up to six years, granted to a school by WASC as a result of a Joint Process Review.	

**Key Strategy:** LEAs serve eligible students in eligible schools in nonisolated and nonsegregated classrooms.

Primary item

**Con.5** Any program using consolidated programs funds does not isolate or segregate students on the basis of race, ethnicity, religion, sex, or socioeconomic status.

(U.S. Constitution, Fourteenth Amendment;  
Calif. Constitution, Art. I, Section 7(a);  
Government Code 11135: 42 USC 2000d;  
CCR TS 3934)

**Site**

- Observe the students in the classrooms and other facilities.
- Review class lists.
- Interview staff.

**ASK:**

- Who determines class assignments?
- How are classroom assignments determined?
- What is the composition of the classes?
- Do the criteria for classroom assignment result in isolation, segregation, or tracking?

The program does not:

- Create special tracks for the educationally disadvantaged
- Establish adjustment, pregrade, or junior grade classes for the educationally disadvantaged
- Physically isolate students from their classmates on a scheduled daily basis except for:

*Elementary students*--On a temporary basis as a result of a comprehensive diagnostic assessment until the diagnosed need has been alleviated

*Secondary students*--These students may be assigned to a special class for the equivalent of one or more periods provided such assignment is based on a comprehensive diagnostic assessment of student needs. The assignment will terminate when the diagnosed need has been alleviated as determined by assessments and preestablished exit criteria.

**Key Strategy:** *LFA's are accountable for funds used to hire staff and to purchase equipment and services which supplement general fund programs.*

## Program

### Compensatory Education\*

## Program Goal

To expand and improve the educational opportunities of educationally disadvantaged students to succeed in the regular program

## Key Strategies

- *LEAs serve eligible preschool through twelfth grade students in eligible schools.*
- *LEAs provide educational services on the basis of assessment and evaluation data, program improvement strategies are implemented as appropriate.*
- *Staff development and innovation projects are based on the LEA's plans and are evaluated annually.*
- *LEAs are accountable for the services which supplement district and state general funds.*
- *LEAs provide services of sufficient size, scope, and quality, and these services are coordinated with regular and special educational services.*
- *Parents and staff are involved in the planning, implementation, and evaluation of programs in support of the education of their children.*
- *Schoolwide Project (SWP): Alternative planning and implementation provisions to improve the educational program are available for schools that meet the eligibility criteria.*
- *Equitable ESEA Chapter 1 services are provided for students in private schools.*

\*This compliance instrument applies to compensatory education services to all American Indian students.

**Program:** Compensatory Education

**Program Goal:** To expand and improve the educational opportunities of educationally disadvantaged students to succeed in the regular program

**Key Strategy:** LEAs serve eligible preschool through twelfth grade students in eligible schools.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>CEP.1 School eligibility is determined by using uniform criteria for Chapter 1 (Ch.1) and State Compensatory Education (SCE).</b></p> <p><u>Primary tests</u></p> <p><b>CEP.1a</b> The district has evidence that the schools to be served with Ch.1/SCE funds, as identified in the Consolidated Application, are actually being served.</p> <p>(PL 100-297, 1013(a)(b)(c); 34 CFR 200.20(a)(2); EC 62002; CCR TS 4411, 4412)</p> <p><b>CEP.1b</b> Documentation on file at the district office for Ch. 1 indicates:</p> <ul style="list-style-type: none"> <li>- Participating schools are located in attendance areas having high concentrations of low-income students; or</li> <li>- Participating schools have a relative degree of concentration of low-income students within 5 percentage points of the districtwide average.</li> </ul> <p>(PL 100-297, 1013(a)(1-3); 34 CFR 200.30)</p> <p><b>Note:</b> This item is not applicable to LEAs with fewer than 1,000 enrollment nor to districts that have a single attendance area.</p> <p>(34 CFR 200.30(b)(6))</p>	<p><b>District</b></p> <ul style="list-style-type: none"> <li>- Visit a sample of schools.</li> <li>- Compare the Consolidated Application with evidence of schools actually being served.</li> </ul> <p><b>District</b></p> <ul style="list-style-type: none"> <li>- Review the documentation for the district-established criteria for the selection of schools.</li> </ul>	<ul style="list-style-type: none"> <li>- Criteria, based on the best available data, may include AFDC count, free and reduced lunches, or a combination of these two.</li> </ul>	177

**Key Strategy:** *LEAs provide educational services on the basis of assessment and evaluation data, program improvement strategies are implemented as appropriate.*

**CEP.2** The LEA provides individual student assessment for identification and program assessment for program evaluation and improvement.

Primary tests

**CEP.2a** Each Ch.1/SCE participant's needs have been consistently identified annually and assessed with objective educational criteria established by the district. Documentation for public school participants is on file at each site.

(PL 100-297, 1014(b);  
34 CFR 200.31(b); EC 62002;  
CCR TS 4414)

**Site**

- Review the list of identified public school and private school Ch.1/SCE participants and determine if the district-approved criteria are used in the selection process.
- Review assessment results from a sample of participants.
- Compare assessment results with services offered.
- Interview staff.

**ASK:**

- What type of criteria were used to assess needs?
- Is the assessment instrument aligned with what is being taught in the district course of study?

- A consistent use of written or oral criteria to identify students
- Services match assessed needs.

**Key Strategy:** LEAs provide services of sufficient size, scope, and quality, and these services are coordinated with regular and special educational services.

Primary item

**CEP.10** All LEAs receiving Ch.1/SCE funds provide services to improve achievement in basic and advanced skills that are of sufficient size, scope, and quality to give reasonable promise of substantial progress toward meeting the educational needs of compensatory education students.

(PL 100-297, 1001(b), 1012(c)(1);  
34 CFR 200.32; EC 54000, 62002, 62003)

**District or Site**

- Review purchase records.
- Compare purchases to program description.
- Review compensatory education services to determine that they support the district course of study.

**Site**

- Review the results of program quality reviews.
- Interview site staff.

**ASK:**

- How is the assistance plan developed after the PQR being implemented?
- How do the Ch.1 services relate to the district course of study?

- Interview students.

**ASK:**

- What kind of compensatory services are you receiving?

- Ch.1/SCE funds are purchasing services of sufficient size in order to make substantial progress toward meeting educational goals for compensatory education students.
- Achievement data that show the students are learning the district course of study
- The school is implementing the "assistance/action plans" from the program quality review for compensatory education students.
- Ch.1 services are provided primarily by certified staff.
- Opportunities exist for students to participate regularly in learning activities beyond the basic skills.

## Program

### State Program for Students of Limited-English Proficiency

## Program Goal

To develop fluency in English in each student as effectively and efficiently as possible; promote students' positive self-concepts; promote cross-cultural understanding, and provide equal opportunity for academic achievement, including, when necessary, academic instruction through the primary language

## Key Strategies

- *LEAs identify, assess, and report each eligible LEP student.*
- *LEAs provide programs of instruction for each identified LEP student which comply with state law and federal legal requirements.*
- *LEAs allocate adequate resources from local, state, and other funds to serve LEP students.*
- *LEAs change a LEP student's designation from LEP to FEP on the basis of consistent and verifiable objective criteria.*
- *LEAs involve parents of students in the programs designed for their children.*

**Program:** State Program for Students of Limited-English Proficiency (LEP)

**Program Goal:** To develop fluency in English in each student as effectively and efficiently as possible; promote students' positive self-concepts; promote cross-cultural understanding, and provide equal opportunity for academic achievement, including, when necessary, academic instruction through the primary language

**Key Strategy:** LEAs identify, assess, and report each eligible LEP student.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>LEP.1</b> The district has properly identified, assessed, and reported all students who have a primary language other than English and who are of limited-English proficiency (LEP).</p> <p><u>Primary tests</u></p> <p><b>LEP.1a</b> There is a Home Language Survey (HLS) used to determine the primary language on file for each student in the district, including migrant, special education, and continuation school enrollees.</p> <p>(EC 62002, former EC 52164.1(a); CCR TS 4304)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Take a sample of at least two LEP and two non-LEP students per grade level from at least three grade levels at the school and ask to see an HLS for each student.</li> <li>- Interview principal and responsible staff.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What is the method used to determine the primary language of each student?</li> <li>- Does each student in the school have a completed HLS? Colo. 1983) 576 F.Supp. 1503, 1516-1518.)</p>	<p><b>District or Site</b></p> <ul style="list-style-type: none"> <li>- Review the district's EIA allocation plan as specified in the Consolidated Application (page 23) and compare that with actual school site budgets.</li> <li>- Identify which LEP services are being provided from the general fund and which from EIA-LEP supplementary funds.</li> <li>- Identify which LEP services are being provided from federal supplementary funds such as ESEA Ch.1, ESEA Title VII, and Migrant Education.</li> <li>- Review the availability of primary language materials and materials in English appropriate to non-native speakers relative to the core curriculum; e.g., basic and supplementary classroom materials, library collections, etc. Determine their appropriateness to the core curriculum.</li> <li>- Interview district or site administrators.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- How are the basic state-required services provided to LEP students through district resources?</li> <li>- How do EIA-LEP funds augment and supplement LEP students' learning of the core curriculum?</li> <li>- Describe any other supplemental services above the basic requirements which are provided to LEP students.</li> </ul>	<ul style="list-style-type: none"> <li>- The school site budgets correspond to the district allocation plan.</li> <li>- EIA-LEP funds are spent for basic excess-cost services, such as resource personnel, bilingual aides, bilingual assessment, primary language and ELD materials, parent involvement, and staff training.</li> <li>- The ESEA Ch.1, ESEA Title VII and Migrant federal funds supplement and do not supplant the district core program for LEP students. For supplanting issues, also refer to items M.4a and M.4b in Migrant Education, and item CEP.2 in Compensatory Education of the <i>CCR Manual</i>.</li> <li>- The district and site provide adequate and appropriate primary language and English development resources from local, state, and other funds to support the LEP students' learning of the core curriculum.</li> </ul>	

**Key Strategy:** LEAs change a LEP student's designation from LEP to FEP on the basis of consistent and verifiable objective criteria.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>Primary item</b>  <b>LEP.10</b> Each former LEP student who has been designated to FEP has demonstrated English language proficiency comparable to that of the average native speakers and can participate equally with average native speakers in the school's regular instructional program.</p> <p>(EC 62002, former EC 52164.6; CCR TS 4306; 20 USC 1703(f); see generally <u>Gomez v. Illinois State Bd. of Education</u> (7th Cir. 1987) 811 F.2d 1030, 1041-1042; <u>Castaneda v. Pickard</u> (5th Cir. 1981) 648 F.2d 989, 1009-1010; <u>Keyes v. School Dist. No. 1</u> (D. Colo. 1983) 576 F.Supp. 1503, 1516-1522.)</p>	<p><b>District</b></p> <ul style="list-style-type: none"> <li>- Review the district policy on language redesignation from LEP to FEP to ascertain whether it addresses both English language barriers and academic achievement in the regular course of study.</li> </ul> <p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Take a sample of at least two former LEP students from three different grade levels who have been designated as FEP within the past year.</li> <li>- Review the data collected and considered in deciding to designate a former LEP student as FEP.</li> </ul>	<ul style="list-style-type: none"> <li>- The district's policy includes standard procedures for assessing comprehension and speaking English language proficiency and academic achievement and may include multiple criteria, such as: <ul style="list-style-type: none"> <li>▪ Teacher evaluation of the student's English language proficiency and curriculum mastery</li> <li>▪ Objective assessment of the student's English comprehension and speaking language proficiency</li> <li>▪ Objective assessment of the student's English writing skills</li> <li>▪ Parental opinion or consultation during a redesignation interview</li> <li>▪ Objective data on the student's academic performance in English</li> <li>▪ Other criteria as adopted</li> </ul> </li> <li>- Data and other evidence are available which indicate that the district has used these consistent, verifiable criteria to consider the student's English language proficiency and academic achievement.</li> <li>- Data indicate that each student in the sample redesignated as FEP has the English language skills of comprehension, speaking, reading, and writing necessary to succeed in the school's regular instructional program.</li> <li>- The district or site has evidence of how former LEP students as a group are performing in comparison with their native-English-speaking peers in the core curriculum; e.g., GPA, success rate in passing district proficiency tests, norm-referenced test scores, etc. This evidence demonstrates that the former LEP students have not been left with any substantive academic deficits.</li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
LEP.10 (continued)		<ul style="list-style-type: none"> <li>- The district or site has evidence of the rate of LEP student redesignation to FEP; e.g., percentage/year, mean months in the program before redesignation, comparisons with previous years' rates, by language group, by grade level, by program type, etc.</li> </ul>	

**Key Strategy:** LEAs involve parents of students in the programs designed for their children.

Secondary item

**LEP.11** All parents of LEP and FEP students have been notified in writing of their child's English and primary language proficiency assessment results.

(EC 62002, former EC 52164.1(b);  
CCR TS 4308)

**District or Site**

- Review written notification sent to parents of LEP and FEP students.
- Review school records that indicate notifications were mailed, sent home, or communicated orally.

- The notification to parents of LEP students contains their child's English and primary language proficiency assessment results.
- The notification to parents of FEP students contains their child's English language proficiency assessment results.
- Written notification is available in English and in the primary language of the student.
- An indication that the results were communicated orally to parents or guardians unable to understand written communication

Secondary item

**LEP.12** A procedure exists that ensures that the participation of each student enrolled in a bilingual program is voluntary on the part of the parent or guardian.

(EC 62002, former 52161)

**District or Site**

- Review the notification process to parents informing them of their child's initial enrollment in programs.
- Review school records that indicate notice was given to the parent or guardian of each student enrolled in a bilingual program.

- The notice stated that each child's participation in the district's alternative program is voluntary. It may also have included a brief nontechnical description of the program or services their child will be enrolled in as well as other instructional options that may be available.
- Notifications informing parents of voluntary participation in the program are given in English and the primary language of the child.

## Program

### School Improvement Program

## Program Goal

To encourage school improvements (K-12) through a collaborative decision-making process within the school community to meet the educational, personal, and career needs of every student in a timely and effective manner.

## Key Strategies

- *The School Improvement Program (SIP) supports and guides schoolwide improvements to meet the needs of every student in a timely and effective manner.*
- *The School Improvement Program is designed, implemented, monitored, and evaluated through a collaborative school/community decision-making process led by the School Site Council (SSC).*

**Program:** School Improvement Program

**Program Goal:** To encourage school improvements (K-12) through a collaborative decision-making process within the school community to meet the educational, personal, and career needs of every student in a timely and effective manner

**Key Strategy:** *The School Improvement Program (SIP) supports and guides schoolwide improvements to meet the needs of every student in a timely and effective manner.*

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>SIP.1</b> The school is responding in a timely and effective manner to the educational, personal, and career needs of every student.</p> <p><u>Primary test</u>  <b>SIP.1a</b> The school is effectively responding to the educational and career needs of every student.            (EC 62002, Former EC 52000, 52012)</p>	<p><b>District or Site</b></p> <ul style="list-style-type: none"> <li>- Review the school's core curriculum and SIP plan, including any curricular objectives and student performance data.</li> <li>- Review the School Site Council's (SSC) periodic assessment of program effectiveness and current student performance data.</li> <li>- Interview the principal, teachers, coordinators, aides, and SSC members.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- How does the school assess student's educational needs and make adjustments in its program to meet the identified needs?</li> <li>- Interview students.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What is the school doing to assist students to become aware of the world of work and to prepare students for a career?</li> <li>- Observe students receiving the instructional program.</li> </ul>	<ul style="list-style-type: none"> <li>- All students are being taught English-language arts, mathematics, arts, humanities, social, physical, and natural sciences, consumer economics, career education, and critical thinking and independent judgment.</li> <li>- All student populations, including underachieving, average, special education, gifted and talented education (GATE), and limited-English-proficient (LEP) students, are making academic progress consistent with the school site plan. Evidence may include staff judgments of program effectiveness, California Assessment Program (CAP) and other norm-referenced or criterion-referenced data showing above-average results or gains, SSC assessments of program effectiveness, staff and student satisfaction, and Program Quality Review (PQR) findings, e.g., recognitions of program strengths and implementation of suggestions and assistance/action plans, school performance reports, etc.</li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><u>Secondary tests</u></p> <p><b>SIP.1b</b> The school is responding effectively to the personal needs of every student. (EC 62002, Former EC 52000)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review the school's core curriculum and SIP plan, including any curricular and noncurricular objectives, and data on student conduct.</li> <li>- Observe students.</li> <li>- Interview the principal, teachers, coordinators, paraprofessionals, counselors, and SSC members.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- How does the school become aware of the personal needs of students, and what does the school do to meet the identified needs?</li> </ul>	<ul style="list-style-type: none"> <li>- The program effectively addresses students' emotional, physical, and mental health; esteem of self and others, and personal and social responsibility. Evidence may include curriculum, instructional practices, classroom organization, school policies, parent programs, student study teams, morale indicators, auxiliary services, data on student conduct such as disciplinary actions, attendance, incidence of vandalism, etc.</li> <li>- The program is having a positive effect on all student populations, including underachieving, average, special education, GATE, and LEP students.</li> </ul>	
<p><b>SIP.1c</b> The school provides a range of settings and formats which respond effectively to the different ways students learn. (EC 62002, Former EC 52000)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review the school's core curriculum and SIP plan, including any curricular objectives and student performance data.</li> <li>- Review the SSC's periodic assessment of program effectiveness.</li> <li>- Observe students.</li> <li>- Interview the principal, teachers, coordinators, aides, and SSC members.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- How does the school become aware of students' learning styles and needs?</li> <li>- What arrangements has the school made to provide alternate learning settings and formats for different student populations and their learning styles?</li> </ul>	<ul style="list-style-type: none"> <li>- There is a variety of instructional settings and formats that address the different ways students learn; e.g., visual, auditory, kinesthetic, and eclectic modes of instruction; primary language, sheltered English, and mainstream English instruction for LEP students; individual, dyad, small group, large group, cooperative, and competitive activities; direct instruction and student-centered activities; etc.</li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><u>Primary item</u>  <b>SIP.2</b> There is a school plan developed by the School Site Council and approved by the local board that describes school improvement efforts related to instruction, auxiliary services, school environment, and school organization.</p> <p>(EC 62002, 64001(b), Former EC 52000, 52010, 52021)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review the school plan.</li> <li>- Interview school staff, especially administrators, coordinators, and providers of auxiliary services.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- How are SIP resources used to improve instruction, auxiliary services, school environment, and school organization to better enable the school to meet the educational, personal, and career needs of students?</li> </ul>	<ul style="list-style-type: none"> <li>- The SSC officially approved the school plan and recommended it to the local governing board for its review and approval.</li> <li>- The local governing board approved the plan after it was developed and approved by the SSC.</li> <li>- The school is implementing the program activities set forth in the school plan and SIP expenditures are directly connected to the activities specified in the school plan.</li> <li>- The SSC and local governing board both approved any changes or modifications made to the school plan.</li> </ul>	<p>52</p>

**Key Strategy:** *The School Improvement Program is designed, implemented, monitored, and evaluated through a collaborative school/community decision-making process led by the School Site Council (SSC).*

<p><u>Primary item</u></p> <p><b>M-U.3</b> The work performed by the <b>credentialed reading specialist</b> is preventing and correcting reading difficulties at the earliest possible time in the educational careers of the students being served with M-U funds.</p> <p>(EC 62002, Former EC 54101)</p>	<p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Review student records and work performance.</li> <li>- Interview the reading specialist.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What evidence do you have that reading difficulties are prevented or corrected?</li> <li>- Are students reading more books, magazines, articles, stories?</li> <li>- Have reading scores improved?</li> </ul>	<ul style="list-style-type: none"> <li>- Students served by the program consistently have their reading difficulties remedied as indicated by a variety of assessment strategies, such as:             <ul style="list-style-type: none"> <li>■ Increased number and quality of books read</li> <li>■ Increased amount and quality of writing</li> <li>■ Increased student participation in speaking and listening activities</li> <li>■ Improved scores, over time, on reading tests</li> </ul> </li> </ul>	

## Program

California Professional Development Program (SB 1882)

## Program Goal

To support school improvement efforts through long-term, in-depth, and comprehensive professional development activities

## Key Strategies

- *Encourage the use of strategic planning that includes the provision of time and resources to schools and districts.*
- *Foster coordination and collaboration among existing county, district, state, and federal programs to enhance school improvement.*

**Note:** This compliance instrument is to be applied at all sites operating a Professional Development Program, including those sites where the Professional Development Program is part of a school-based program (either SBCEP or M&M).

**Program:** California Professional Development Program

**Program Goal:** To support school improvement efforts through long-term, in-depth, and comprehensive professional development activities

**Key Strategy:** *Encourage the use of strategic planning that includes the provision of time and resources to schools and districts.*

## Program

Neglected or Delinquent

## Program Goal

To assist students in acquiring knowledge and skills necessary to participate effectively in society

## Key Strategies

- *The agency ensures that eligibility to be counted for funding for Chapter 1 services to neglected or delinquent (N/D) students is correctly determined.*
- *Local educational agencies (LEAs) provide educational services on the basis of assessment and evaluation data.*

**Program:** Neglected or Delinquent

**Program Goal:** To assist students in acquiring knowledge and skills necessary to participate effectively in society

**Key Strategy:** *The agency ensures that eligibility to be counted for funding for Chapter 1 services to neglected or delinquent (N/D) students is correctly determined.*

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<u>Primary Item</u> <b>N/D.1</b> Each student identified for funding purposes is from 5 to 17 years of age and has resided in a local institution for at least 30 consecutive days, one day of which was during the prior October. (PL 100-297, Sec 1017; 34 CFR 200.23(a))	<b>Region</b> - Review the October count submitted to the CDE for accuracy.		

**Key Strategy:** *Local educational agencies (LEAs) provide educational services on the basis of assessment and evaluation data.*

<u>Primary item</u> <b>N/D.2</b> Student needs are assessed annually, and results for students are on file at each participating site. (34 CFR 200.31(b))	<b>Site</b> - Review the assessment results for a sample of participating students. - Interview appropriate staff. <b>ASK:</b> - What is the initial assessment procedure used to determine participating student needs?  <b>Region</b> - Review the county/district evaluation plan for reporting achievement. - Interview persons responsible for evaluation. <b>ASK:</b> - How do you evaluate the effectiveness of the planned program?	- The assessment was made using a uniform method. (NOTE: Different grade levels may use different assessment methods.) - The assessment information is at the school site and available to all appropriate staff.	
<u>Primary item</u> <b>N/D.3</b> A procedure for evaluating the effectiveness of the program has been established. (34 CFR 200.35(a)(1)(i))			

## Program

Migrant Education

## Program Goal

To establish or improve supplemental services to meet the special educational needs of migrant children in order to address problems arising from their migrant life-style

## Key Strategies

- *The agency ensures that eligibility for migrant education is correctly determined and documented.*
- *The agency uses MSRTS records to (1) assist in evaluation and placement; (2) obtain information about services provided to migrant students; and (3) update information to help improve continuity in migrant students' education.*
- *The agency identifies students' current educational and health needs.*
- *The agency designs, establishes, and delivers supplementary educational and health services to address identified student needs.*
- *Parents of migrant students are provided training and are consulted on the educational and health programs provided by migrant education.*
- *The agency provides supplemental staff development to ensure that migrant education staff have the skills necessary to address the identified needs of migrant students.*
- *The operating agency ensures that its districts and school sites implement the migrant education evaluation program to improve services to eligible migrant children.*
- *Agency expenditures are in accordance with all applicable state and federal statutes and regulations.*
- *The agency has in place procedures for hearing and resolving complaints.*

**Program:** Migrant Education

**Program Goal:** To establish or improve supplemental services to meet the special educational needs of migrant children in order to address problems arising from their migrant life-style

**Key Strategy:** The agency ensures that eligibility for migrant education is correctly determined and documented.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>M.1 The agency implements a process which ensures that Certificates of Eligibility (COE) are complete and accurate.</b></p> <p><u>Primary tests</u></p> <p><b>M.1a</b> Certificate of Eligibility (COE) forms have been correctly completed. (34 CFR 201.30)</p> <p><b>M.1b</b> Eligibility is correctly determined on the basis of eligibility rules and guidelines. (34 CFR 201.30)</p> <p><b>M.1c</b> The agency regularly monitors the accuracy, completeness, and timeliness of eligibility determinations documented on the COE. (34 CFR 201.30)</p>	<p><b>Region, District, or Site</b></p> <ul style="list-style-type: none"> <li>- Review, at a minimum, 15 COEs of migrant children.</li> <li>- Refer to instructions for completing the COE and the identification and recruitment policies.</li> </ul> <p><b>Region, District, or Site</b></p> <ul style="list-style-type: none"> <li>- Review critical eligibility items on the COE: 7, 9, 19, 21, 22, and 20.</li> <li>- Assess accuracy of determination in accordance with eligibility rules and guidelines.</li> </ul> <p><b>Region, District, and Site</b></p> <ul style="list-style-type: none"> <li>- Review the schedule and process for monitoring.</li> <li>- Interview program personnel (regional and district).</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What evidence do you have of regular monitoring of COEs for purposes of determining accuracy, completeness, and timeliness of eligibility determinations?</li> <li>- What procedures are in place for reducing the number of eligibility errors?</li> </ul>	<ul style="list-style-type: none"> <li>- COEs are completely filled in with appropriate and reasonable information (e.g., type of employment sought is clearly specified, parent signature is within 12 months of last signature).</li> <li>- Item 20 of the COE is used to clarify questionable information.</li> <li>- Accuracy of eligibility determination based on information in critical items, according to rules and guidelines</li> <li>- Evidence exists that regular monitoring of the identification and recruitment process occurs to ensure accuracy, completeness, and timeliness of determinations.</li> <li>- Findings are documented and follow-up measures are taken to correct discrepancies where identified.</li> <li>- Corrective procedures are developed and incorporated in in-service training and staff development.</li> </ul>	

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
M.1c (continued)	<p>Site</p> <ul style="list-style-type: none"> <li>- Interview staff responsible for updating data.</li> </ul> <p>ASK:</p> <ul style="list-style-type: none"> <li>- What are some of the identification and recruitment in-service/staff development trainings you have received?</li> </ul>		

**Key Strategy:** *The agency uses MSRTS records to: (1) assist in evaluation and placement; (2) obtain information about services provided to migrant students; and (3) update information to help improve continuity in migrant students' education.*

**M.2** The program correctly uses and updates the Migrant Student Record Transfer System (MSRTS) records about health and education services provided to migrant students.

Primary tests

**M.2a** MSRTS records are made available to instructional and health personnel for use in identifying student needs and providing appropriate services.

(34 CFR 201.1(b) and 201.12(a)(1)(ii))

**M.2b** Current information regarding health and education services is properly entered onto MSRTS for all children with documented eligibility for migrant education services.

(34 CFR 201.1(b) and 201.12(a)(1)(ii))

District or Site

- Examine the system used for distributing and filing the MSRTS records.
- Interview program administrators.

ASK:

- What process do you use for updating, distributing, and using MSRTS materials?
- How do you ensure that there is an MSRTS health and education record for each enrolled migrant student?
- What procedures do you use that encourage the use of MSRTS data?

District or Site

- Examine the MSRTS education and health records for the 15 or more students selected in M.1a.

- Procedures/practices exist which provide reasonable opportunity for site staff to obtain and use the MSRTS data.
- There is an MSRTS educational and health record in each student's school file, or it is made available to school personnel.

- Information on the education records has been updated within the last 12 months.
- The screenings, labs, and the immunization section of the health records show evidence of updating.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><u>Secondary test</u></p> <p><b>M2c</b> The agency regularly monitors the accuracy, completeness, and timeliness of MSRTS data.</p> <p>(34 CFR 201.1(b) and 201.12(a)(1)(ii))</p>	<p><b>Region and Site</b></p> <ul style="list-style-type: none"> <li>- Review the schedule and process for monitoring.</li> <li>- Interview program personnel (regional and district).</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What evidence do you have that regular monitoring of MSRTS for purposes of determining accuracy, completeness, and timeliness of data occurs?</li> <li>- How do you ensure that updating of MSRTS data takes place?</li> </ul> <p><b>Site</b></p> <ul style="list-style-type: none"> <li>- Interview staff responsible for updating data.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What kind of MSRTS in-service/staff development training you have received?</li> </ul>	<ul style="list-style-type: none"> <li>- Evidence exists that regular monitoring of the MSRTS occurs to determine accuracy, completeness, and timeliness of data.</li> <li>- Findings are documented and follow-up measures are taken to correct deficiencies where identified.</li> <li>- Corrective procedures are developed and incorporated in in-service training and staff development.</li> </ul>	

**Key Strategy:** *The agency identifies students' current educational and health needs.*

**M3** The agency designs and improves its programs and projects through the use of an annual assessment of education and health needs and completes an individual learning plan for each student.

Primary tests

**M3a** An individual assessment of the educational and relevant health needs of each participating student is completed within 30 days of enrollment. (EC 54443.1(a))

**District or Site**

- Review a printout of needs assessment for five current migrant students and five former migrant students at each of three grade levels.

**Needs assessments:**

- Are completed within 30 days of student's enrollment date and annually thereafter.
- Include assessments currently provided by other programs for which the student is eligible.
- Contain all names and relevant data required by migrant rules, regulations, statutes, or policies.

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<p><b>M.3b</b> The needs assessments of the students are summarized in a general needs assessment for the school site, district, county, and/or region.</p> <p>(34 CFR 201.32, EC 54443.1(b))</p>	<p><b>Region</b></p> <ul style="list-style-type: none"> <li>- Review district service agreement, regional application, county office files containing needs assessment data, and printouts of the Student and Program Needs Assessment (SAPNA).</li> <li>- Interview program and school administrators and teachers.</li> </ul> <p><b>ASK:</b></p> <ul style="list-style-type: none"> <li>- What kinds of educational and health needs were identified as a result of the needs assessment for the site, district, county, and region?</li> <li>- What kinds of programs were designed or established to meet the identified needs?</li> </ul>	<ul style="list-style-type: none"> <li>- Summaries of needs assessment data are available at the school site, district, county, and/or region.</li> <li>- A computer printout showing that an aggregation of needs assessment data at the specified levels is current and available.</li> <li>- Personnel are knowledgeable of student identified needs.</li> <li>- Programs observed and/or described are specific to identified needs.</li> </ul>

## Program

### Special Education

## Program Goal

To ensure that all individuals with exceptional needs, ages birth through 21, are appropriately identified, assessed, and provided free appropriate public education programs and services designed to meet their unique needs

## Key Strategies

- *All students in need of special education and related services must be IDENTIFIED, LOCATED, AND REFERRED.*
- *Each local educational agency (LEA) shall establish and implement procedures consistent with the requirements of federal and state laws for educational ASSESSMENT of an individual with exceptional needs.*
- *An INDIVIDUALIZED EDUCATION PROGRAM shall be developed for every individual with exceptional needs and shall be reviewed periodically but not less than annually.*
- *Each LEA shall ensure that a full continuum of program options is available to meet the educational and service needs of individuals with exceptional needs in the LEAST RESTRICTIVE ENVIRONMENT.*
- *All PROCEDURAL SAFEGUARDS of the Education for All Handicapped Children's Act shall be established and maintained by each LEA that provides special education and related services to individuals with exceptional needs.*
- *All school personnel shall be provided an opportunity to participate in an ongoing comprehensive system of STAFF DEVELOPMENT activities.*
- *When appropriate, NONPUBLIC SCHOOL SERVICES (NPS) are provided to individuals with exceptional needs under a contract, as specified in the IEP.*
- *LOCAL PLAN AGREEMENTS entered into by participants (i.e., districts, counties) provide a full range of program options and services.*

**Program:** Special Education

**Program Goal:** To ensure that all individuals with exceptional needs, ages birth through 21, are appropriately identified, assessed, and provided free appropriate public education programs and services designed to meet their unique needs

**Key Strategy:** All students in need of special education and related services must be **IDENTIFIED, LOCATED, AND REFERRED.**

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments

Compliance item/test	Review level/ How to test for compliance	What to look for	Comments
<b>S.2b</b> The parent is informed that his/her child has been referred for assessment for possible special education services. (34 CFR 300.504-505; EC 56301, 56321(a)(c); CCR TS 3021)	<b>Site</b> <ul style="list-style-type: none"> <li>- Review written referral notice.</li> <li>- Interview parents.</li> </ul> <b>ASK:</b> <ul style="list-style-type: none"> <li>- Did you refer your child for special education?</li> <li>- When did the school inform you that your child might need special education services?</li> <li>- Were you told that you must go through the student study team process or that you can make a direct referral at any time?</li> </ul>	<ul style="list-style-type: none"> <li>- Evidence is available to substantiate that parents were informed via a written notice in the appropriate language.</li> <li>- Parents are aware that they may refer their child.</li> <li>- Parents understand the difference between the student study team process and a formal referral for special education.</li> </ul>	

**Key Strategy:** Each local educational agency (LEA) shall establish and implement procedures consistent with the requirements of federal and state laws for educational ASSESSMENT of an individual with exceptional needs.

**S.3** Policies and procedures regarding assessment are clearly defined, consistently used, and documented throughout the SELPA.

Primary tests

**S.3a** There is evidence that all individuals, birth to 22 years of age, who are referred are assessed based on an assessment plan that contains the following information:

1. Reason for assessment
2. Description of materials and procedures
3. Indication of trained and competent personnel
4. Individual's primary language and language proficiency status (LEP/FEP)
5. Recent assessments, including any available independent assessments and assessment information the parent requests to be considered
6. Alternative means as appropriate
7. Parent consent/date

(34 CFR 300.530-534; EC 52164.1, 56301, 56302, 56320(b)(3), 56321(a-c), 56322; CCR TS 3022, 3023, 3027, 3028, 3030(c) & (j))

**SELPA and District**

- Review SELPA procedures and district procedures, if different.
- Review assessment plan form.

**Site**

- Review referral log.
- Examine referral forms and student records.
- Interview administrators, assessment personnel, and special education teachers.

**ASK:**

- How is the assessment plan developed?
- How are assessment personnel involved in the assessment process?
- Are assessments conducted when requested?
- Interview parents.

**ASK:**

- Did you give permission for your child to be assessed?
- Were you asked if you had any pertinent assessment information?

- Assessment plan that is developed within 15 days from the date of referral
- Date of referral
- Documentation of individuals referred indicating assessment date and subsequent decision/action
- Assessments are related to referral information.
- Assessment plans with items as specified in test
- If LEP/FEP, assessment data obtained from LEP program

**Key Strategy:** *An INDIVIDUALIZED EDUCATION PROGRAM shall be developed for every individual with exceptional needs and shall be reviewed periodically but not less than annually.*

**S.4 Policies and procedures regarding IEP development are clearly defined, consistently used, and documented throughout the SELPA.**

Primary tests

**S.4a** Parent notification of IEP meetings includes the purpose, time, and location of the meetings and who will be in attendance.

(34 CFR 300.345;  
EC 56329(a), 56341(b)(3),(c)(2),(f))

**S.4b** A meeting is held and IEPs are developed within 50 days from receipt of parental consent to the assessment plan.

(34 CFR 300.343; EC 56340,  
56341(a), 56342, 56344, 56441.12)

**SELPA and District**

- Review notices/forms developed by the SELPA and/or district.

**Site**

- Interview principal and key site personnel.

**ASK:**

- Who notifies parents of their right to attend and present information, and are they encouraged to attend and participate as full members of the IEP team?
- What verification of written or verbal notification is there of an IEP's meeting date, time, and location?
- Interview parents.

**ASK:**

- Was the IEP meeting scheduled at a mutually convenient time? If not, did the district reschedule the meeting?
- Was participation of your child discussed?

**District and Site**

- Review IEP and assessment plans.
- Interview parents, principal, and key site personnel.

**ASK:**

- What is the IEP development process?
- How is the process monitored?
- Who is responsible?

- Copy of notice of IEP meeting to parents
- Detailed records of attempts to contact, involve, inform, and convince parents to attend IEP meeting

- Parents say they are encouraged to attend and participate with their child as full members of the IEP team.

- Date parent signed the assessment plan
- Date IEP was developed

**Key Strategy:** *Each LEA shall ensure that a full continuum of program options is available to meet the educational and service needs of individuals with exceptional needs in the LEAST RESTRICTIVE ENVIRONMENT.*

**S.5** Students are offered full and equitable educational opportunities which promote maximum interaction with nonhandicapped peers.

Primary tests

**\*S.5a** A continuum of program options for special education and related services is available for students from birth to 22 years of age.

(34 CFR 300.304, 300.305, 300.551;  
EC 56360-56365; CCR TS 3043, 3053)

*\*This item involves direct service to students. If noncompliant, it must be resolved within 45 days from the exit date.*

**SELPA and District**

- Review local plan.
- Review interagency agreements.
- Review waivers.
- Interview administrative staff.

**ASK:**

- What program options are available?
- How are these services coordinated?
- What is your continuum of service options for infants and preschool individuals?
- When provided, does the extended school year operate for a minimum of 20 school days, including holidays?
- Are parents being informed of the continuum of program options available for their child?
- How do you know?

- SELPA policy on least restrictive environment (LRE)
- SELPA plan for the implementation of its LRE policy
- Knowledge of State Board policy on LRE
- Programs and services available include:
  - Resource specialist programs (Caseloads do not exceed 28 students for any one resource specialist unless a waiver has been granted. Duties are appropriate.)
  - DIS (Average caseload of language, speech, and hearing specialists across the SELPA does not exceed 55; for three to five years, inclusive, caseload does not exceed 40.)

## Program

Vocational Education

## Program Goal

To provide vocational education programs and services so that persons of all ages in all communities of the state will have ready access to vocational training or retraining which is realistic in light of actual or anticipated opportunities for employment and is suited to their needs, interests, and ability to benefit from such training.

## Key Strategies

- **VOCATIONAL MANAGEMENT:** *Provide for the administration of the vocational education program.*
- **DISADVANTAGED, HANDICAPPED, LIMITED-ENGLISH-PROFICIENT/OPPORTUNITY PROGRAMS:** *Expand vocational education opportunities for populations with special needs.*
- **WORK EXPERIENCE EDUCATION:** *Provide support services for vocational education participants through work experience education.*

**Program:** Vocational Education

**Program Goal:** To provide vocational education programs and services so that persons of all ages in all communities of the state will have ready access to vocational training or retraining which is realistic in light of actual or anticipated opportunities for employment and suited to their needs, interests, and ability to benefit from such training.

**Key Strategy:** VOCATIONAL MANAGEMENT: *Provide for the administration of the vocational education program.*

**Key Strategy: WORK EXPERIENCE EDUCATION:** *Provide support services for vocational education participants through work experience education.*

V.4 District work experience education (WEE) records are maintained.

Primary tests

V.4a The district's CDE-approved Secondary District Plan for Work Experience Education is on file. (CCR TS 10071)

V.4b The student is at least 16 years of age or in the 11th grade (except those in exploratory work experience).

Note: Exceptions to the 16-years-of-age rule may be made by the principal or have WEE identified on the IEP.

(CCR TS, 10071(c); EC 51760.3)

V.4c The minimum day for WEE students is at least four periods, totaling at least 180 minutes in duration, except for continuation school students. (EC 46144)

District

- Review district plan for WEE.

Site

- Review three students' applications for the work permit. (B1-1)
- Review principal's recommendation.
- Interview WEE coordinator.

ASK:

- How many exception letters have been issued in the past year by the principal?
- Are you an SB 65 funded school site which allows schoolwide exceptions?

Site

- Review three students' class schedules.

- A course description with major units of instruction for each semester of WEE is attached to the district plan.
- The procedure for granting school credit for WEE is attached to the district plan.

- Students are attending four periods totaling at least 180 minutes, except for continuation school students.

## Program

### Adult Education

## Program Goal

To establish quality instruction for adults in authorized program areas (elementary and high school basic skills, English as a second language, citizenship, parenting, programs for substantially handicapped adults, vocational education, programs for older adults, home economics, and health and safety) that will (1) enable adults to acquire the knowledge and skills necessary to participate effectively in today's economy and society; (2) help adults to achieve their fullest potential; and (3) help adults pursue their changing individual learning goals in an educational segment that specializes in noncollegiate subject matter

## Key Strategies

- *The LEA conducts an Adult Education program designed to meet the needs of the local community.*
- *The LEA ensures that the target population is being served as determined by its Adult Basic Education (ABE), Section 321, application.*

Program: Adult Education

Program Goal: To establish quality instruction for adults in authorized program areas (elementary and high school basic skills, English as a second language, citizenship, parenting, programs for substantially handicapped adults, vocational education, programs for older adults, home economics, and health and safety) that will (1) enable adults to acquire the knowledge and skills necessary to participate effectively in today's economy and society; (2) help adults to achieve their fullest potential; and (3) help adults pursue their changing individual learning goals in an educational segment that specializes in noncollegiate subject matter

Key Strategy: The LEA conducts an Adult Education program designed to meet the needs of the local community.
